Army shoots marina down

by GLORIA DAVIS
Lakeland Newspapers

The Chicago Dist., U. S. Army Corps of Engineers has denied a permit to Spencer Askfeldt of Fox Lake, that would have enabled him to build a seawall, two boat ramps and 15 boat slips at the site of a marina he is constructing on Petite Lake, across from Kemp's Resort, outside of Antioch.

In giving Askfeldt a reason for the denial, Chicago Dist. Engineer Lt. Col. Jess Franco, Jr., said that the "proposed project would contribute to significant degradation of the Fox River and the Chain O'Lakes."

Kitto: 'This is a major victory for the environment and shows the great efficiency of the Army Corps of Engineers.'

He added that the new boat launches and docks would increase the number of power boats using the waterways, increasing re-suspension of solids and turbidity. Turbidity and high levels of suspended solids reduce the diversity of aquatic plant and animal species in the waterway.

Franco also cited concern over the cumulative adverse impacts of the project

in combination with existing marinas and boat launches.

Askfeldt has been told to remove the concrete ramps he has already installed at the site.

Although he was ecstatic about the Army Corps' denial, Askfeldt's neighbor, Paul Kitto, who is one of the area residents involved in a lawsuit against Askfeldt con-

cerning the marina, says the lawsuit will continue.

Kitto and others are still concerned about (Continued on Page 7)

Cops nab man for home fire

James A. Brown, Jr., 31, Antioch, has been charged with arson in the connection with a fire that caused considerable damage to his home on Park Ave last week.

Antioch Police Officer Mike Culat was the arresting officer who completed an investigation of what the police termed "a suspicious fire."

Brown was released on a \$4,000 cash bond and is facing a court date in Lake County Court on April 20.

Warn board about rising village costs

It's budget time in Antioch. All the village department heads are busy setting up their budgets for the coming year and the village board is also working on the final total of monies to be spent in the coming year to run the village.

At this week's village board committee meeting, the board members were warned about two possible plus signs to go into the new budget.

Village Atty. Ken Clark reminded the board about the upcoming, possibly costly, lawsuit that the village has against Waste Management.

The village's suit concerns the collection of possible future damages if Antioch's aquifer should be contaminated by the closed HOD landfill.

The suit is set to go to court on June 4. Clark said the bulk of the cost will be in expert witnesses. The village spent \$100,000 to close the landfill in the 1980s.

Antioch Fire Chief William Carney also suggested that the village build into the budget a cash cushion for the fire department by "going the max on the new levy."

"We need money now and we must have some put away for the future. With this village's growth there might be a need for another station in a few years. Where are you going to get the money?" asked Carney.

'Eggs'-otic Easter flowers

Alexis Dayhuf, left, and Tamara Siwula make special Easter flowers out of hand-painted egg shells for their mothers. The girls get into the spring holiday spirit by using the blown-out shells, chipped into tulip form, and adding them to wire stems adorned with paper leaves to be turned into beautiful holiday centerpieces by mother's little decorators.

Legal battle promised for new sewer denial

by JOSEPH SOULAK
Lakeland Newspapers

With a 14-9 vote to deny extension of the Lake County sewer system north of Washington St., the stage was set this week for a legal battle that will pit developers against Lake County and its zoning ordinance.

Gurnee needs the sewer to serve 1,250 acres it annexed last year. Five develop-

Board voted overwhelmingly to deny extension of sewers north of Washington St. "We merely reaffirmed decisions made previously," Chairman Norman Geary said. "Just because the developers knew they couldn't get what they wanted from the county they annexed to Gurnee. Gurnee took in this acreage without any pre-annexation agreement—the village could have demanded anything it wanted,

"If we allow this every developer in Lake County will challenge the zoning code and get exactly what they want."—F.T. "Mike" Graham

ments are proposed for the area along the fast-growing Washington St. Corridor. The property is bounded by Grand Ave. on the north, Washington St. on the south, Hunt Club Rd. on the east and Rte. 45 on the west.

Developers planning apartments, townhomes and two-, three- and four-bedroom homes costing \$200,000-plus are Lexington Homes with its Abor Valley and the Zale Group with Trophy Club. Another group called Lake Partners will develop Aberdare.

Until annexed by Gurnee the county zoning code classified the property as country estate. With only septic fields and wells the development would have been limited to one or two homes per acre. By annexing to Gurnee the developers can double the number and size of homes.

George Bargo of Lexington said the one-home-per-acre density will push the planned homes into a higher-priced category. Planned was 2.2 units per acres with apartments, town homes starting at \$85,000 and single family homes priced from \$125,000 to \$300,000.

At its April 9 meeting the County

including sewer fees—but didn't. Why should be bail out Gurnee?"

During and after a prolonged discussion at the April 9 meeting there were threats of a lawsuit by speakers for Lexington Homes and its attorney, James Gordon. He also identified himself as a Gurnee village attorney.

Gordon said he will use several arguments in appealing the decision. First, he will try to convince the courts that the North Shore Sanitary Dist. plant serving this area has 30 percent to 40 percent excess capacity. He will also claim the county has no authority to tell Gurnee how to use property within its limits. The countryside zoning classification is only a "holding" category, he said, in which property is maintained until time and conditions call for reclassification. He also says the county zoning ordinance was designed to be evaluated every three to five years and land parcels upgraded, something which has not been done.

"The County Board walked right into a lawsuit on this one," Gordon said. He said his legal fees will be paid, primarily, by Lexington Homes, but Gurnee may share some of the cost.

"This is a tremendous waste of public funds," the attorney said of the impending legal costs.

Gurnee Village Administrator James Hayner said he was not "real surprised by the vote, just disappointed. It doesn't make any sense to have septic in this area. They are not as reliable as sewers."

County Board member F.T. "Mike" Graham said this is the only decision that could have been made. "If we allow this every developer in Lake County will challenge the zoning code and get exactly what they want," he said.

Geary predicted an early court decision. "The issues are clear cut," he said. "We have been advised by our attorney that the county can win. We have a zoning ordinance, it has been ignored and our North Shore Treatment plant cannot handle the kind of density planned for this acreage."

Warren Twp. Robert Depke, County Board member-elect in December, was present throughout the six hours of testimony and deliberations on April 9. There is speculation he may seek to overturn

the decision following the November election. Residents of Warren Twp. have predicted a political backlash if this occurs.

This promise begins with Larry Schwager, who ran against Depke for precinct committeeman in the March primary. He received a respectable number of votes in an election where Depke lost his own precinct in the County Board race.

Most impassioned plea for sewers was made by Marlin Meyer, superintendent of Woodland School. He said Lexington and Zale will double their \$566 school impact fee donations to \$1,132. This will allow the district to purchase 22 acres from the developers and build a much-needed new school, he said. The school is needed whether or not Lexington and Zale build, he said, noting that plans already on the drawing boards indicate 2,000 new students in a few years. This means the second largest school district in Lake County will soon challenge for No. 1.

Graham said Woodland's enrollment and cash-poor position problems will not be resolved with the annexation.

Crane names nominees

Twelfth Dist. Congressman Philip M. Crane has announced the names of those nominated from the 12th Congressional Dist. to the nation's service academies. Candidates are chosen on the basis of potential for leadership, achievement in

required standardized tests, results of medical and physical aptitude examinations, and extracurricular and community development. The applicants' credentials will be reviewed by each service to determine who will be selected for enrollment in the academy.

Those nominated to the academies for

the entering class of 1990 are:

Air Force Academy: Christopher Pelletiere of Barrington; Charles M. Seelandt of Spring Grove; Heather Ann Olejak of Wildwood; Jason Quinn of McHenry; Brian D. Gilbert of McHenry; Randall D. Steffen of McHenry; Edwin J. Mampe of Ingleside; and Kevin M. Freund of Ingleside.

Naval Academy: Andrew J. Miller of Barrington; Michael S. Styskal of Lake Villa; Nathaniel J. Strandquist of McHenry; and Christopher P. Kohler of Barrington.

Military Academy: Brian Yrigoyen of Lake Zurich; from Barrington, Melinda S. Masterson, David R. Cwik, James A. DeLapp, and Shannon L. Coll.

Merchant Marine Academy: Nathan R. Welton of Gurnee and Gilbert N. Barrientos of Antioch.

Some stories still have
happy endings.

Three months ago, the quiet calm of Joan and Allen Mitchell's life was shattered when they discovered that their daughter, Stephanie, had a drug problem.

The signs had been there for months: falling grades, absenteeism, moodiness, lack of respect, lying and defensiveness. Yet, the signs went unheeded. Joan and Allen thought it was just adolescence, typical teenage problems. Unfortunately, they were wrong. It was something far more serious.

Stephanie had a drug problem. The first person to recognize it was one of Stephanie's teachers, who called the Mitchells and made them aware of her concern. Fortunately, they acted quickly and sought professional help.

They turned to the specialists at the Adolescent Chemical Dependency Program at Victory Memorial Hospital. Here, they found a comprehensive program that not only helped Stephanie with her problem, but helped them understand the role that they would play in maintaining Stephanie's continued health.

Today, Stephanie is her old self, back at school and doing well. The family is stronger, closer and able to weather almost anything.

Some stories do have happy endings, and many of them begin at Victory Memorial Hospital. For complete information on our Chemical Dependency Program, or to confidentially discuss a problem confronting your family, call 708-360-HELP, anytime day or night.

Briefs

Ethnic dance

The German-American Club of Antioch is holding their annual Membership-Drive dinner dance on April 28 at the Landmark in Antioch. "Goldene Drie" is playing for dancing pleasure. For further information call Dorothy at (708)356-5484. Reservations are needed and the deadline is April 15.

Youth in law

Chief Charles Miller of the Antioch Police Dept. announced the organization of a Law Enforcement Explorer Post. The post is a co-ed program for high school students (age 14-21) interested in a career in law enforcement. Chief Miller stated "through a career survey at area high schools, we have found a large number of students interested in a career in law enforcement." Highlights of the program will include: firearm safety, officer ride along program, first aid, communications, just to name a few. The first meeting for this post will be scheduled, after notification of interested parties. The cost to register for this program is \$7. For additional information, call Officer R. Nauman at (708)395-8585.

ACHS 1990 Prom Court

The Antioch High School Class of 1991 has elected its 1990 Prom Court from which a prom king and queen will emerge and be crowned the night of the prom, Friday, May 4. The prom will be held at the Marriott's Lincolnshire Resort in the grand ballroom, from 6 p.m. to midnight with dinner

served at 7 p.m. From left in rear are king candidates, Jack Thompson, Rich Grandsart, Chris Gluck, Matt Loar and Mike Newcomb. In front, from left are queen candidates, Lisa Filip, Susan Ozga, Kelly Burbridge, Sally Mitchell and Heidi Schmidtke. — Photo by Gloria Davis.

Antioch AARP prepares to fete 25th anniversary

On April 24, Antioch Area Chapter 387 of the American Assn. of Retired Persons (AARP) will celebrate its 25th Anniversary. Ruth Rynders, arrangements chairperson and her committee have been busy finalizing plans for this big event which will be held at Maravella's Restaurant, Ingleside.

Past Presidents will be honored and important members of the AARP organization have been invited to join in the festivities.

It was on Jan. 12, 1965 that the first meeting was held in the Antioch Savings and Loan Community Room with John

Horan presiding as temporary chairman. Rose Kennedy was secretary and James Kocmoud, treasurer. With just a handful of members this chapter was established.

Today, there are over 200 members. The Chapter meets on the second and fourth Tuesdays of each month with the exception of July and August when the chapter suspends operation for the summer.

Meetings are held in the beautiful Antioch Area Senior Center where a large room was added by Clarence and Dolly Spiering specifically for the use of AARP

and all seniors.

The chapter has earned a reputation as one of the most active AARP Chapters in Lake County. As all its members know, exciting things are always happening at Antioch Area Chapter 387. Their popular All Star Band has contributed much to this reputation with their numerous performances at nursing homes, schools, hospitals, senior centers, etc. throughout the county and southern Wisconsin.

The Town of Antioch is familiar with the support received from this chapter in giving time and financial support to all

community activities.

A schoolroom was furnished in the Lakes Region Historical Museum; members participate at Christmas time in town events and the All Star Band is a familiar sight in the annual parades on holidays.

The history of this chapter adds up to 25 years of service to the community and helping to make the "Golden Years" more enjoyable to so many citizens of the area. It is most fitting that its 25th birthday be given recognition and celebrated in appropriate fashion at this time.

Chicago Wheelchair Bull brings Easter to Danny

by GLORIA DAVIS
Lakeland Newspapers

In 1986, Danny Crews, 4, of Garys Dr. in Antioch, was critically injured in an automobile accident on Hwy. 83, north of Antioch, in front of Haps Vegetable Stand.

The least of Danny's injuries was the stretching of his spinal chord, an injury that has him confined to a wheelchair today.

After a long fight back, Danny still has nurses tending to him and constant therapy, but this happy and smiling young man is able to attend Mechanics Grove School for the Handicapped in Mundelein where he is in first grade.

Last week, Jim Gallo, a Chicago Wheelchair Bulls player, visited Danny in his home, bringing him an Easter basket from Concerned Care, Inc. the nursing service that works with Danny.

Gallo also brought Danny some Chicago Wheelchair Bulls souvenirs.

The Wheelchair Bulls have been adopted by the Chicago Bulls. They play

exhibition games at Bulls' halftime and also at area colleges such as DePaul and Northwestern.

Tournament wheelchair basketball owes its start to the University of Illinois students who, in 1949, formed the first wheelchair basketball tournament.

Today, the National Wheelchair Basketball Assn., to which the Wheelchair Bulls belong, includes 27 conferences and 186 teams.

Wheelchair basketball is now an important part of the Pan American Games, the Commonwealth Games, the European Games and the Far Eastern and South Pacific Games., with getting wheelchair basketball into the Olympic Games an ultimate goal.

The other goals of the Wheelchair Bulls include providing a vehicle for competitive sports for the disabled, thus helping the rehabilitative process; providing role models for disabled children and also bringing additional athletic entertainment to the Chicagoland area.

Happy Easter Danny!

Danny Crews, 7, Antioch, left, receives Easter basket and basketball souvenirs from Jim Gallo, player with the Chicago Wheelchair Bulls, while Concerned Care nurse, Tina Santopalo also wishes her patient, Danny, a Happy Easter! — Photo by Gloria Davis.

Chamber gets new home in Methodist parsonage

The Antioch Chamber of Commerce and Industry has moved its offices, lock, stock and displays, from 884 Main St., to the old parsonage of the United Methodist Church at 842 Main.

The painting, electrical work, new carpeting and new counter have been supplied by the village. According to Vivian Tauscheck, Chamber secretary, they are open for business as of this week,

but there is still some work to done before the Chamber is settled.

Along with the office of State Sen. Adeline Geo-Karis, the Chamber will occupy a large business office and another room slated for Chamber and Industry displays.

Also working in the new office for the Chamber part time is Wendy Kaufmann.

Residents pleased with Share Food values

by LIZ SCHMEHL
(708)395-5380
Community Service

Volunteering your time and energies for community service pays off in more ways than one. First of all, it offers an opportunity to broaden your horizons by gaining many worthwhile experiences. Secondly, it produces a feeling of inner rewards and satisfaction as you give of your time so freely. Now, thirdly, it can pay off in a substantial savings on your food bill each month.

Share Food

The Exchange Club of Antioch is sponsoring Share Food (Once a month food co-op). This is how the co-op works. You volunteer a "mere" three hours of your time each month for community service, such as helping at the church of your choice, Historical Society, Victory Lakes Nursing Home, Chamber of Commerce, school PTO functions, AARP, school board service, Girl and boy Scouts, etc. Also, you can help package foods the day of the scheduled Share Food delivery.

After volunteering your time, you then qualify for a generous assortment of meat, poultry, fruits, veggies, rice, pastas and cereals for only \$14. You can sign up and pay your \$14 at one of the following locations: Antioch Twp. office (Hwy. 173), State Bank of Antioch (Lake St.), First National Bank of Antioch (Lake St.), Antioch Village Hall (Main St.), Antioch Chamber of Commerce (Main St.), Lake Villa Twp. office (Fairfield Rd.), and State Bank of Antioch (Lindenhurst).

The Antioch VFW Hall has donated the use of their building as the pick up location each month. In order to qualify for the March 28 pickup you had to sign up by April 12. The next scheduled delivery date is May 19 and you must sign up on or before May 5.

Share Food is not a government subsidized program. There are no dues, or extra fees, and no income disclosures involved. Share Food is not a welfare program. Anyone donating three hours of their time to benefit the community may join. Share Food is not a charity program. You must work three hours and pay \$14 in order to save a considerable amount on the food you receive.

As a school board member, I signed up for the April 28 delivery and am anxiously awaiting my groceries. Several friends of mine have already taken advantage of this money saving opportunity and have been 150 percent pleased with the amount, quality and variety of foods.

So, people, help our your community and qualify to help yourself to this terrific offer. If you want any further information on Share Food, or need some help in deciding where and how to volunteer your services, you may contact the Share

coordinators - Claudette Skvarce (708)395-6774 or Dennis Dempsey (708)395-3418. A community volunteer is someone who is not paid for services rendered - until now that is! **Get Well**

Get well wishes are in order for Mike Fleming of Antioch. Mike recently underwent surgery at St. Therese Hospital and has a lengthy recuperation time ahead of him. Please take a moment out of your busy schedules to drop Mike a get well message or call him to cheer him up in order to help him pass the time during this idle period of his life. Take care of yourself, Mike. I know Alice will be giving you a lot of TLC and you will be back on your feet in no time.

Happy Anniversary

Pat and Chris Priller will be celebrating their 21st wedding anniversary on April 12. So please join me in wishing them a very Happy Anniversary!

New Location

Don Fechtner's new All-state office opens at last. It is located in Lake Villa on Rte. 132, just around the corner from the previous location. The Fechtners purchased a beautiful historical building and spent four tedious months replacing front stairs, repairing rear stairs, replacing siding, and applying numerous coats of paint to rejuvenate the interior walls, etc.

The finished product is something to be proud of and made all the hard work worthwhile. Don's wife, Judy, decorated the office in southwestern style, featuring several different types of cactus, coyotes, and wall hangings. The southwestern colors of peaches, aquas and tans create a very relaxing atmosphere and the building is very light and airy.

With spring here, the Fechtners will soon be in the middle of landscaping. Don has a quality staff of two assistants, Olga White and Judy Fechtner. He recently added a new staff member, Marvin Mueller. Marvin is a financial planner and life insurance specialist. He carries a designation of LUTCF and is presently working towards his CLU. Judy and Don ask that you stop in to see them in their new location and Judy said "Mi casa es su casa," to those of you who recall your high school Spanish!

Hockey Champions

The champions of the sixth and seventh grade boys iceless hockey teams were the North Stars. They had a tough game against the Kings, but that win made them the Western Division Champs. Now only the Eastern Division champs, the Canadians, stood in their way of becoming the overall league champions.

The two teams were scheduled to play a series of three games, the best two out of three.

The North Stars won the first game 3-1. In the second game, the North Stars were ahead 4-1, but the Canadians came back in the final period and tied the game 4-4. The game then went into overtime with the

the parks department has a busy schedule of activities planned for all of us. Baton lessons have already begun as did the six-week aerobic classes for anyone age 14 and over.

Tumbling classes for

for their many years of fine service.

This year's Miss Antioch and Little Miss Antioch pageants will be held on Saturday, June 23 at 6:30 p.m. (Miss Antioch), and Sunday, June 24 at 1 p.m. (Little Miss Antioch).

Once again, the pageants will be held in the ACHS auditorium. Anyone wishing to compete in the pageants should call Theresa Weber to set up an appointment. The deadline for applications is June 8 at 5 p.m. The July 4 parade is scheduled for 10:30 a.m.

The celebration at Williams Park will begin at noon with waterfights, t-ball, kids games, music and fireworks from 9 p.m. till 10 p.m. Food booths will be open throughout the day.

New Arrival

"Rock a Bye Baby on the Tree Top" - and that is exactly what the third grade twins, Becky and Michelle Holloway are doing with their new little baby

brother, Gene Richard Auten. Little Gene was born on March 31, at St. Therese Hospital, and weighed in at 8 pounds and 7 ounces. His sisters, Becky, Michelle and Christina are very excited about having a little brother. As is mom, Shirley and Daddy, Gene. The list of baby braggers is extended to grandma and grandpa, Hanna and Richard Dalzell of Antioch and grandma and grandpa, Kay and Gene Auten of Antioch/Cicero. Congratulations to all of you and it is obvious to me that baby Gene is going to receive an over abundance of TLC. No crime in that!

Thanks

In closing I want to thank Russ Fairchild for the beautiful thank you note he sent to me simply because I extended him a get well wish via the column. Thanks, Russ, the card was great, but not necessary.

Hometown Goodies

North Stars scoring the winning goal. This win made the North Stars the overall sixth and seventh grade league champs.

Major Hill and Jack Birren were the coaches of the team, and the "Champs" are: Scott Baker, Jack Birren, Mark Dawe, Marc Fechtner, Seam Gallagher, Jonathan Herron, Joe Hill, Johnny Jackson, Jason Laurer, Charlie Miles, James Patterson, Levi Pleviak and Adam Reeves. Congratulations, North Stars, on a job well done.

Florida Trip

Marc Fechtner and Mickey White flew to Florida during spring break. Marc and Mickey went to visit Marc's grandparents in Ellenton, Florida. The boys played golf, shuffle board, picnicked, swam in the gulf, visited Disney World, rode bikes past dozing alligators and had an all-around good time. The week passed too quickly and the return to school seemed to come along too fast. Both boys would like to thank grandma and grandpa Fechtner for showing them such a great time. I have a feeling they'd like to return next year - same time, same place. Am I right, boys?

Antioch Recreation

When you receive the spring/summer 1990 issue of the Antioch Parks and Recreation schedule of activities, you will notice that under the guidance of pretty, energetic, Theresa Weber,

Youth of Month

The Exchange Club of Antioch selects Tanya Albert, second from right, as Youth of the Month. She is a senior and editor-in-chief of the Antioch High School paper, 'The Tom-Tom.' Albert receives a plaque and a \$50 U. S. Savings Bond. Congratulations come from, left, Supt. Gary Allen, her father and mother, Mr. and Mrs. Bruce Albert of Lindenhurst (on either side of recipient.)

4th Easter Parade

The Antioch Chamber of Commerce and Industry sponsored its fourth annual Easter Parade last Saturday. A pink Easter Bunny, Miss and Little Miss Antioch, fire engines and clowns and ducks were all there to bring the Easter season to the village. Winners of the children's pet parade were: 1st place, Jackie and Jenny Moffet for dog Misty; first place other, Mark Campbell for his bunny rabbit; second place Michele Wilbrod for her dog Ginger and third place went to Mandy and Becky Wilke and their dog Jock.

Engagements

Hendricks-Landmark

Mr. James Hendricks and Mrs. Susan Kelly of Lake Villa, announce the engagement of their daughter, Rebecca Hendricks, to Rev. Jeffrey Landmark of Hibbing, Minn., the son of Judy Landmark and the late Stanley Landmark of Hibbing.

The ceremony will be performed by Rev. Darrel Hendrickson of Calvary Temple Christian Center in Lake Villa on May 19.

The bride-to-be is a 1987 graduate of Grant Community High School and a 1990 graduate of North Central Bible College earning a bachelor of arts degree in Biblical studies and Christian education. She is employed as a sales representative for Dial America Marketing in Minneapolis, Minn.

The groom-to-be is a 1986 graduate of Hibbing Community High School and a 1990 graduate of North Central Bible College earning a bachelor of arts degree in pastoral studies. He is employed as a school bus driver for

Ryder Student Transportation in Minneapolis.

The couple plans to settle their first year in Minneapolis completing post-graduate work.

Rev. Jeffrey Landmark and Rebecca Hendricks

Lyons-Wells

Mary Louise Lyons and the late Paul O. Lyons of Chesterfield, Mo., announce the engagement of their daughter M. Maureen Lyons of O'Fallon, Mo., to Edward A. Wells of O'Fallon, the son of Mr. and Mrs. Richard Wells of Antioch.

The ceremony will be performed by Rev. Jams Hanson of Immaculate Conception Church in Dardenne, Mo on May 19.

The bride-to-be is a 1982 graduate of McCluer North High School and a 1987 graduate of Univ. of Missouri in St. Louis earning a bachelor of science degree in computer science. She is employed as a computer systems analyst for Monsanto Ag. Co.

The groom-to-be is a 1982 graduate of Antioch Community High School and a 1986 graduate of the University of Illinois in Champaign earning a bachelor of science degree in general engineering. He is employed as an engineer for

McDonnell-Douglas Aircraft Corp. in St. Louis, Mo.

The couple plans to settle in O'Fallon, Mo.

M. Maureen Lyons and Edward A. Wells

Township holds annual meeting

Antioch Twp.'s annual meeting, held on Tuesday, was over in less than 10 minutes.

The handful of people attending heard the annual reports on the township funds and the highway department's funds.

In the town fund, the beginning balance was \$173,325; revenues were \$297,829; expenditures were \$253,828 and the ending balance is \$217,326.

In the general assistance fund, the starting balance was \$297,800; revenues were \$53,991; expenditures were \$106,405 and the ending balance is \$245,386.

IMRF started the year with a balance of \$20,002. Revenues were \$32,744. Expenditures were \$46,228 and the final balance is \$6,518.

As far as the FICA account is concerned, the starting balance was \$22,677. Revenues were \$35,756. Expenditures were \$32,074 and the balance at the end of the year is \$26,359.

In the insurance account, the year started with a balance of \$9,437. Revenues were \$23,784. Expenditures were \$14,666 and the balance at the end of the year is \$18,555.

Totals are starting balance, \$523,241. Revenues, \$444,104. Expenditures, \$453,201 and the total balance at present of all the township funds is \$514,144.

The accounting of highway department funds, a starting balance of \$183,144 was found in the road and bridge fund. Revenues were \$208,591. expenditures were \$193,840 and the final balance at the end of the year is \$197,859.

The starting balance in the permanent bridge fund was \$27,042. Revenues were \$215,095. Expenditures were \$143,588 and the present balance is \$88,548.

The starting balance for the building and equipment fund was \$13,000. Revenues were \$46,725. Expenditures were \$44,639 and the present balance is \$15,259.

In the insurance fund, the starting balance was \$12,894. Revenues were \$30,720. Expenditures were \$25,894 and the balance in that fund at the end of the year is \$17,720.

The balance in the joint bridge fund at the beginning of the year was \$93,624. Revenues were \$49,401. Expenditures were zero and the final balance of the year is \$143,025.

Meets

The Antioch Village Board meets at 7:30 p.m., the first and third Monday of the month.

Grass Lake parents question teacher cut

Approximately 40 concerned Grass Lake Grade School electors, mostly third grade parents, attended Monday's school board meeting to discuss and learn more about the dismissal of a fourth grade teacher.

This was done by state law said the board, explaining that the decision to consolidate the two third grades into one fourth grade for next year was based "on declining enrollment."

Although the education fund increase rate raise referendum was passed, the school has yet to realize any new monies.

One board member, Liz Schmehl, said that the "rif" of the teacher was a not a dismissal but a cost cutting move brought around by that class's declining enrollment. Schmehl added that any problems now

existing in the new fourth grade class will be closely watched by the board members and the teachers.

Concerned parent Mary Franzen said that she and others had a problem with the class consolidation at this time because the class in question has scholastic problems.

"They assured us that the decision was not carved in stone and that they would be looking at alternatives," she said.

The board also promised the parents that the class's academic standing would be closely monitored and the parents would be kept informed of the situation.

Army

(Continued from Page 1)

the area's sewers and the potential health problems that could be a result of the large pole barn being built over the expanded sewer on the property in question and the condition of those sewers in their entirety.

Kitto is also still irate

because Askfeldt "trespassed on my property and cut a tree down" while involved in the marina's construction.

"This is a major victory for the environment and shows the great efficiency of the Army Corps of Engineers," said Kitto.

Speeder arrested two times

When John Ankney, 21, of 310 Pomin Dr., Apt. 210, Antioch, came to Libertyville April 7 he ended up going home by way of the Waukegan jail.

Police stopped him for speeding in front of 419 S. Milwaukee Ave. about 8:30 p.m. The officer quickly learned Ankney had no driver's license. He was writing a ticket for speeding, driving on a suspended license and having no insurance when another charged showed up on the police radio network.

Annual dinner April 20

Big Brothers/Big Sisters of Lake County will hold its Annual Dinner/Auction at the Country Squire Banquet Facilities in Grayslake on April 20. Anne Meyer, an international drug prevention specialist and immediate past president of the National Federation of Parents for Drug-Free Youth will be the guest speaker. She will address the theme of "An Adult is What Happens to A Child." Each \$75 donation to attend the event includes dinner with music by the Libertyville High School Strolling Strings and an entry in the raffle drawing for a cruise to the Bahamas. Additional raffle tickets are available for a \$5 donation per ticket. Reservations can be made by contacting Big Brothers/Big Sisters of Lake County at (708)360-0770, 3838 Grandview Ave., Gumee, IL 60031.

Shop at Hawthorn Center and you'll have more time to spend lazy Sundays together.

At Hawthorn Center, you're always sure of finding what you want, right away. Whether it's something as basic as a black pump. Or luxurious as a diamond bracelet. So you can have time left over for the really important things in life. Like lazy Sundays.

Town Line Road and Milwaukee Avenue • Vernon Hills

Time for day care

In the quest for suitable day care legislation it's probably a good sign that Congress is squabbling more over money than merits of bills being offered to provide help for working parents whose children deserve decent care.

Rather than throwing a lot of money at filling a need—estimates running well over \$20 billion for five years—we like the proposal to provide tax credits for working poor families to offset day care expenses. This would go a long way toward solving the problem of

government competing with private businesses already offering quality day care that is well supervised by state and county regulators.

The U.S. is far behind other industrialized nations in providing suitable child care. We think it's time to catch up and the catching up should be done without creating more bureaucracy. Political infighting always has killed previous attempts to provide workable child care laws. Can't Congress ever do anything the easy way?

A good choice

Lake County Republicans made an excellent choice in electing State Rep. Robert "Bob" Churchill as county chairman. Churchill is a recognized, respected politician with a demonstrated track record of accomplishment. Churchill is capable of giving his party two years of dignified, productive leadership.

Because of his legislative responsibilities, Churchill will be more of a director and a delegator. His style will open the door for more participating in the leadership and decision making process, just exactly what Lake County

Republicans need after eight years of stridency and dictatorial domination.

Unlike his predecessor, who had more balls in the air than a circus juggler, the new county GOP chief can achieve both party and personal goals by placing Republicans in the mainstream and opening the party to everyone. As a county chairman, Bob Churchill will be getting on a first name basis with the state's other 102 county GOP chairmen. If he continues to pursue his aspirations for state office, a job well done will give him a flying start. We wish him well.

Battling drug abuse

Hats off to North Chicago and Vernon Hills! These two communities have become the leaders among municipalities in setting an example in the prevention of alcohol and drug abuse.

North Chicago Mayor Bobby Thompson pushed through an ordinance last fall instituting a drug testing policy for all city employees, including himself. In addition, just last week Vernon Hills announced its intentions of implementing a drug testing policy for its employees.

In North Chicago, mandatory drug testing for employees as well as North Chicago police officers may be done up to four times a year.

Mayor Thompson, organizer of the Citizens Against Drug Abuse (CADA) group, as well as Vernon Hills President Barbara Williams should be commended for their efforts in the fight against drugs.

Williams feels the policy "would send a strong statement to our community, especially to the youth of the community."

Neither Thompson nor Williams say they are implementing the policy because there is a problem among their workforces, but instead they want to send a message to their communities and to set an example for "our future leaders," today's youth.

"Drug abuse is a very serious problem in today's society, and I want to make sure the City of North Chicago does its part to stay clean," said Thompson.

Drug and alcohol abuse has become one of the most severe sicknesses evident in today's society.

Not only does the problem exist among adults, but with youngsters as well. Perhaps the most prevalent, or most publicized abusers of alcohol and drugs, are athletes, both young and old.

Although there are many admirable groups and organizations combating this problem, it seems to be a never-ending battle.

Perhaps more municipalities should take a page out of the North Chicago or Vernon Hills playbook, and set an example for the youth of their communities.

Drug and alcohol abuse is not going to just go away. We need more individuals like Thompson and Williams to take a strong look at today's society and to take a step in the right direction in the battle against drugs.

Viewpoint

Homey feeling prompted by congestion

by BILL SCHROEDER
Lakeland Newspapers

Writing from Ft. Lauderdale/Boca Raton...

South Florida is running out of everything but people—and sunshine!

Water and funds for necessary public services are in shortest supply. Flip a coin which is more critical.

Lawn sprinkling and car washing are limited to only a few hours per week. Householders are asked to voluntarily conserve water. My mother-in-law runs her dish washer only once a week to do her part.

An estimated 900 new residents arrive every week to find the good life somewhere in the fabled Sunshine State. That's the equivalent of a village the size of Antioch or Grayslake being created every week. Looking at it another way, another Libertyville-Mundelein or the villages of Greater Round Lake are superimposed on the Florida landscape every few weeks.

Federal Hwy. is clogged from dawn to midnight like the rush hour on Rte. 22 through Lake Zurich. I-95 is a maze of barricades and construction equipment as work is pushed to create two more lanes in the hopes that an eight lane super highway will bring relief to suburban gridlock.

Palm Beach County politicians are getting ready to ask the voters for a county tax to raise more money to catch up with woefully inadequate public services. They're going to give the county tax a shot with the full knowledge that voters in neighboring Broward County rejected a tax for the same purpose last year.

Meanwhile, a Democratic legislature and a Republican governor battle over who's going to take the rap for increasing taxes in Tallahassee for much needed new

roads and bridges, and to fund public education. Sound familiar?

Frantic citizens write letters to the editor wondering why officialdom allows so much new building and development to take place when things are so messed up. Some beleaguered taxpayers even want to get the City of Ft. Lauderdale to drop its famous slogan, "Where the Fun Never Sets," because they insist living around here isn't much fun anymore.

I feel right at home. One thing, though, anyplace with palm trees can't be all bad this time of year.

DISAPPOINTED—America's century-old love affair with baseball might be at a crossroads. Fans stayed away in droves this year from normally well attended spring training games. At Ft. Lauderdale Stadium where the Yankees were playing the L.A. Dodgers, a good looking young deputy sheriff told us that attendance is way off. Management would never admit to this. "People came down to see the games. They went back home. They're disgusted." Inside, the park was about half full on a beautiful afternoon with temperatures in the low 80's. The final verdict will be how games are attended up north.

ONE MAN'S FAMILY—An unexpected trip to Florida was booked to bolster the cheerleading ranks for Grandpa Schmid's cardiovascular surgery to repair a ruptured aorta. I knew my father-in-law was going to be OK when he cracked on the way to the hospital, "This is going to be a cinch. All I have to do is bring my body and my wallet." Grandpa came through with flying colors so the trip was a 100 percent success—even if the highways were jammed and the fairways needed watering badly.

Letters To The Editor

Talk Open Space

Editor:

I represent six families that own property in the designated Almond Rd. area. As a group we own over 100 acres. Presently, there are two homes on the property, and three of us plan to build homes this year. We have been notified by the Lake County Forest Preserve Board to sell some or all of our land, and we don't want to sell.

This may sound as if we oppose land preservation; we do not. We love open

space and want to preserve it for our families and future. In two sessions before the Acquisition Committee we proposed that we be allowed to deed substantial amounts of our land as open space. In return, we requested that we be allowed to build our homes. This would result in only five homes on 100 acres. Open spaces would be preserved at no cost to the taxpayer.

Open space is like the flag, everyone is for it. But what is open space? We feel open space is achieved by a cooperative effort between government and landowners by limiting development and dedicating land to conservation. The Forest Preserve seems to believe that open space is land that they acquire, often by condemnation. Their system allows no cooperative negotiations with land owners, only outright ownership. We believe our idea of open space is the most affordable method for the taxpayers.

The Acquisition Committee has refused our request to deed our land to open space. They insist on using taxpayer's money to confiscate our property. Our dilemma is that our money is in our land. Because of limited financial resources, we cannot afford to hire lawyers to defend us against our elected officials or protect the land we own.

We ask the taxpayers to hear our plea and use their influence to persuade board members that open space can be achieved through negotiation, not confiscation.

Dave Meehan
Grayslake

Urges Purchase

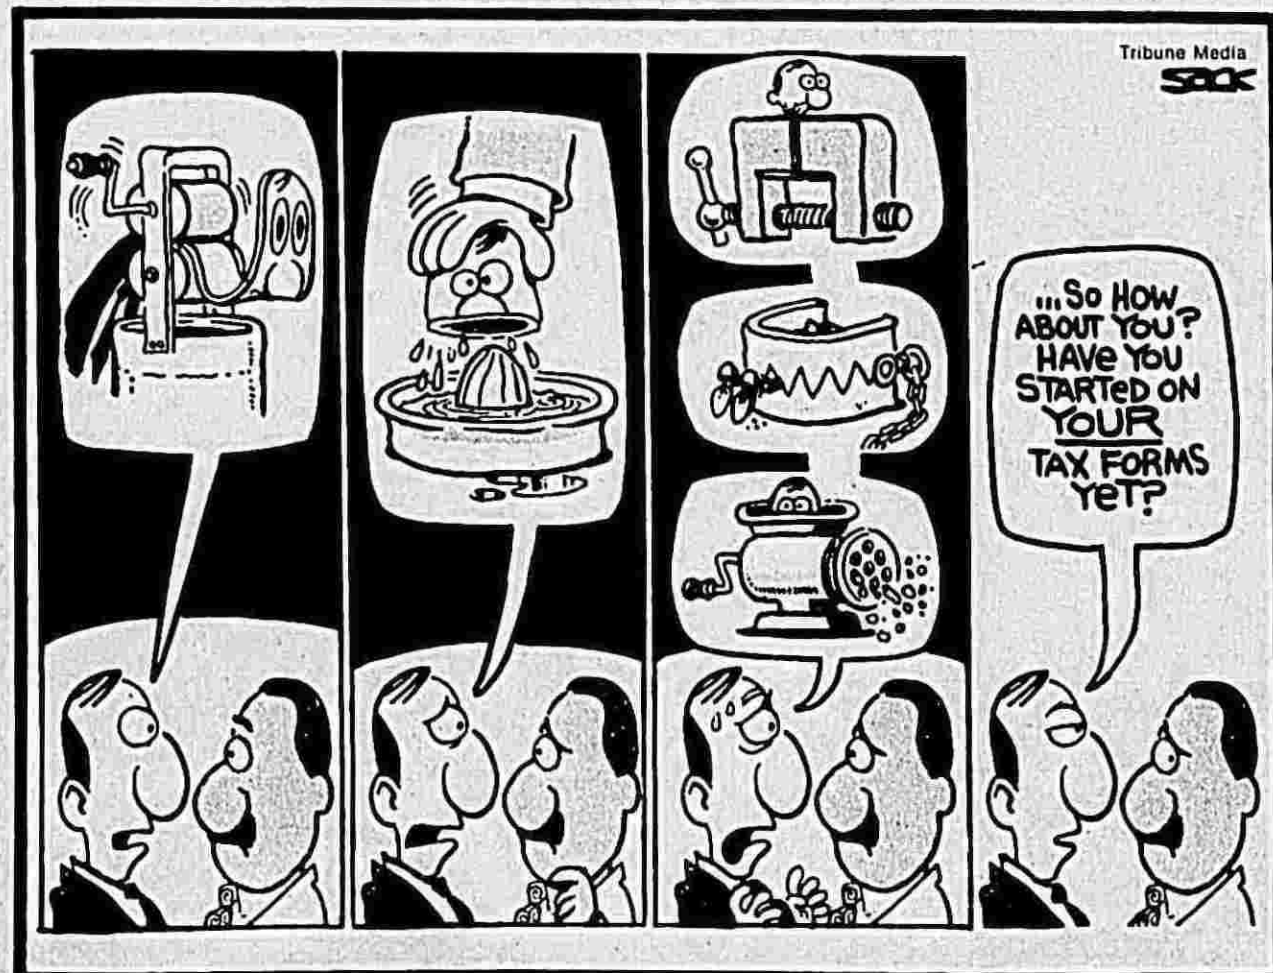

Editor:

Certainly everyone would agree that the people of Lake County deserve a Forest Preserve system equal to the magnificent natural treasure that Cook County enjoys. We may never equal the quantity of land they own, but we can strive, at least, for the quality. In the year 1915, when Jens Jensen and others conceived the Cook County Forest Preserve Dist. they stressed that undisturbed lands should be the primary requirement for acquisition. There was a very good reason for this; only this type of land contains the trees, tall grasses and flowers as they were before the plow came to alter forever our native landscape. But it is from these few remnants that we and our children can see nature as it really was.

Now that we stand to lose even these few remnants, it is important to understand how vital they are to the (Continued on next page)

Letters Invited

Letters to the editor are welcome. They should be on topics of general interest, approximately 250 words or less. All letters must be signed, and contain home address and telephone number. The editor reserves the right to condense all letters.

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

Lake Zurich Mayor James Kay is living the high life. Who says so? One of his severest critics, Trustee Milt Faurot.

He made comments to this effect when Kay returned from a trip to Washington, D.C. During the four-day trek in early March he rang up some hefty bills.

They were for attending a meeting of the Congressional Conference of Cities.

To begin with, the mayor rang up a \$198.09 bill for a limousine to chauffeur him to and from O'Hare Field. In Washington he stayed at the posh Ritz Carleton, adding \$672 to the tab.

Kay says he was allotted \$1,500 in the village budget for the trip. "I also was given \$300 for meals," he said, "and brought back \$230."

Faurot, a former salesman, says he has traveled a lot in his time and "this is high living."

There could be a spoiler in the Dist. 4 County Board race. That's the townships of Avon, Lake Villa, Grant and Antioch.

Julia Edwards is running as a Democrat. The Round Lake Heights village clerk ran last year for Clerk of the Circuit Court. This time it's for a slightly different pew in the same governmental church.

Edwards feels she can appeal to lots of people.

How will she do this? First, by being her lovely self. Second, she has a sure-fire gimmick if elected. She wants to hold bimonthly town meetings in the district. She also will form an advisory council of mayors and township supervisors in the district.

How many other County Board members do that?

Lake County Democratic Party Chairman Betty Ann Moore doesn't quite know what to do with a beautiful invitation she received in the mail.

It is for a \$1,000 a plate reception at the Chicago Hilton Tower on Tuesday, April 17. The

occasion? First Lady Barbara Bush will be in town.

Sponsors are state Republican organizations. Among those listed as a member of the committee is Robert Neal. He's the late chairman of the Lake County Republican Party.

I wonder if he will attend?

Let's talk about Robert Neal. He is the former Newport Twp. supervisor, one-time Republican committeeman in that area and former chairman of the Lake County Republican Party. His Democratic friends are doing it.

At a meeting last week they analyzed the election of Robert Churchill as party chairman. Personally, they don't think there is much difference between him and Neal. There is even speculation Neal will call many of the shots. First, Neal is first and foremost a politician, knows the right people, has a knack for political deal making and likes to keep his fingers in the political pie.

"Humble is not in the vocabulary of either man," say their Democratic critics.

Now that Robert Neal has a few less hats to wear maybe he'll be easier to reach.

His home phone is sometimes answered by his wife. His office phone has an answering machine. At the Lake County Federation Republican office in Waukegan secretaries took his messages.

He also had a car telephone. Neal was getting so busy earlier this year he hired a go-fer named Dan Shanes.

But it doesn't sound like Neal plans to reduce his political pace. The federation office is still taking his messages and Shanes is still around.

Although Lake Zurich Mayor James Kay said he let Fire Chief Keith MacIsaac do his job as he saw fit, that's not the whole story.

In recent months MacIsaac made a few fire inspections at the Schaff Piano Co. where Kay is a long-time employee. He found a few violations. "That's normal," he said.

Shortly after one of those inspections

Milton Faurot

James Kay

Betty Ann Moore

the mayor and MacIsaac sat down for one-on-one. "I told him to perform his job as he saw fit and I wouldn't interfere," Kay said about rumors surfacing to the contrary.

The next week MacIsaac resigned. This week he joins the Wheeling Fire Dept.

This week a new Solid Waste Management Agency was formed by the County Board. Ever since last fall three members of the staff that created this body have been looking for a home. They were members of what was known as the Solid Waste Planning Agency.

Bets are out they will wind up with jobs at the new agency. The new body will oversee landfill operations and compost sites springing up everywhere.

Bill Barron, who has something like 18 years with Lake County and has the title of assistant county administrator, is tabbed for director. Jeanne Becker, a private consultant who helped with the three-year solid-waste plan, is supposed to be his assistant.

And whoever heard of a government agency without an attorney? Why not hire Larry Clark, who filled that title with the planning agency.

See what good planning can do!

A persistent woman is trying her damndest to get Libertyville Twp. Sup. Ralph Swank Jr. to release a year-old list of those receiving general assistance.

Lorraine Gillies of Libertyville and Mundelein was one of the 150-plus recipients when Swank cleaned house. Today there are two recipients and a special assistant with the designated title of public assistance administrator.

Gillies has been denied all but the preceding month's list of recipients. She has a letter from township Atty. Mike Duffy to this effect. In one sentence it says the township does not "compile or maintain a list of general assistance recipients whose aid has been discontinued." In another paragraph he writes: "...disclosure would be contrary and improper...."

Supporting Swank's position are a number of township supervisors, including Robert Depke of Warren and Robert Grever of Elia.

This, the supervisors say, conforms to state guidelines. So for Gillies it means tough luck!

Colin McRae, the former mayor of Mundelein and County Board member-elect in Dist. 6, says he will not be a pawn of the developers or real estate interests.

This denial comes in the wake of criticisms he and other candidates received in the March primary for taking campaign money from both. McRae and running mate Robert Grever got \$5,000.

"In my 14 years holding office in Mundelein we annexed and allowed development of two parcels totaling 340 acres," McRae proudly said. "This is less than almost any village around. Check out Gurnee, Libertyville, Long Grove, Hawthorn Woods, Lake Zurich, Lindenhurst, Waukegan, Lincolnshire and the county during those years."

By being lumped with his financial sponsors McRae said he has been "tagged with various descriptions....the bottom line is that I represent all evil persons wishing to destroy our way of life in Lake County."

He vehemently denies this.

Letters

(Continued from preceding page)
human spirit. Jensen who foresaw long ago the effects of increasing urbanization, said that we all must understand our relationship to nature and to the soil on which all life depends and to which it eventually returns or we are doomed as a species. This is the real gut issue and it is not about money, developers, or politics but it is about the quality of life for ourselves and all children and grandchildren who will succeed us.

The Lake County Forest Preserve District Bd. is now considering the purchase of some land in Highland Park known as the Polk Property that is very high quality undisturbed native landscape. Because the price of this land is higher than other sites in the county which are not of this quality, it is doubtful that the board will purchase it without a mandate from the people. It is very important that everyone concerned write to their board members today urging them to vote for the purchase. You can obtain their names by calling this newspaper.

James Cunningham
Highland Park

Question Judicial System

Editor:

I have followed with interest the apparent politically motivated legal action being promoted by the present Avon Twp. supervisor against former Supv. Norm Geary. The tempest in a teapot is designed solely to discourage Geary from

attempting a political comeback, by trying to muddy up his name with a legal suit and allegations of wrongdoing. The news media will do the rest. They will also force him to spend a great deal of money to defend himself in court. At this point I must question our judicial system for allowing our already over-loaded courts to be clogged up even more with frivolous and politically inspired law suits. Geary could have had a lifetime job if he had "gone along to get along" as many officials do; however that is not his style and the taxpaying public has greatly benefited from it.

The practice of supervisors being paid a per diem for town board meetings is nearly as old as township government itself, starting back in the 1800's. I was challenged on the same issue in 1977 as Libertyville Twp. supervisor. In Libertyville Twp., under my administration, the highway commissioner, tax assessor and supervisor were all paid the same amount. In the case of the office of supervisor, I was paid as township treasurer, in addition to a per diem payment for township meetings and the supervisor's salary. The total of all three equaled the annual salary of the assessor and highway commissioner, which was our goal and was approved by the town board.

Common sense dictates, if a township trustee is worth a certain salary to attend evening town board meetings, why isn't

the supervisor as chairman of the board of trustees worth just as much? In most instances a chairman of any board is compensated at a higher rate than a Board member, simply because he/she has more responsibilities.

Sometime in the mid 1970's the language of the law was changed placing the century old practice in a legal gray area. In my case, the per diem payment practice was raised as a political issue in 1977. In 1981, the town board simply eliminated the per diem payment and added an equal amount to the supervisor's salary, which is what the same amount as the assessor and highway commissioner and less than many other local township supervisors. Geary, who had more General Assistance programs than I did, was paid even less. Now Geary is being sued by the new supervisor who is being paid more than Geary was, including the per diem payment. In my judgement his real motives are very obvious. Geary is aware of the battering all political crusaders face when they fall from power. It is all part of the job description. It is not a pleasant part, but a certainty for any elected office holder who dares to swim against the political stream, upsetting the plans of many self-serving officials, which Geary has often times done in his twenty-six year political career promoting good government.

It is fitting to close with a short story. After Geary lost last April, he was asked

by two Forest Preserve commissioners, if he wanted to drop the Picket Fence Farm acquisition of \$13 million because the voters rejected him in Avon Twp. They wanted to spend that money in their own district. Geary's answer was just what you would expect from him. "They may not appreciate the open space today, but they will in 20 years." Incidentally, it is worthy to note it would have cost the residents of the Grayslake school districts involved more than \$13 million if Picket Fence Farm had been developed, not to mention another 40,000 auto trips generated daily on local roads.

Many of Geary's opponents, who are now elected village and township officials opposed the acquisition of Picket Fence Farm and the Brae Loch Golf Course. Both will be a monument to Norm Geary's determination to safeguard the environment and enviable quality of life for his constituents. His efforts will not be fully appreciated until Grayslake and Avon Twp. are over-run by gridlock traffic, soaring school costs and development, which won't be long at the present pace being promoted by local village officials. But, then it will be too late and the damage will be irreversible. The same public will wonder how it happened and why someone didn't stop it. . . . Geary tried, but the voters didn't support him.

Mike Graham
Libertyville

Health board awards over \$59,000 in grants

The Lake County Board of Health awarded a total of \$59,314 in community grants for fiscal year 1990.

Board of Health Community Grants went to the following Lake County agencies:

- \$10,200 to the Community Youth Network, Lake Villa, to create a sexual abuse victim assessment program to be used with families within 48 hours following a sexual abuse investigation.

- \$10,440 to the Countryside Assn. for the Handicapped, which is based in Barrington, to increase the number of families to be helped through the agency's respite care services. Respite, or short-term, care for a developmentally disabled individual gives his or her family a break in their day-to-day responsibilities of care-giving or provides help in an emergency situation.

- \$15,000 to the Independence Center, Waukegan, to provide a community-based rehabilitation program for individuals with severe or chronic mental illness to help with their social and vocational adjustment.

- \$17,480 to the Northern Illinois Council on Alcoholism and Substance Abuse, Waukegan, and the Halfway House of Northern Illinois, Waukegan, to provide substance abuse assessment, education and treatment to Halfway House residents. Halfway House serves young men, ages 17 to 25, who are on probation or parole from the Lake County corrections system.

- \$1,394 to Round Lake Park Dist. and the Special Recreation Assn. of Round Lake and Zion to hire and provide job training for a developmentally disabled adult who will work at the Round Lake Area Recycling Center. The position will become self-supporting.

- \$4,800 to the Special Education Dist. of Lake

County and the Lake-McHenry Regional Program (LMRP) to establish a procedure for third party reimbursement. Through the receipt of such moneys, LMRP will be able to expand its diagnostic services

for special education children.

The Board of Health Community Grants are awarded annual to established, tax-exempt, community-based agencies and organizations providing

mental health, substance abuse and developmental disabilities services to Lake County residents.

The grant process is coordinated by the Advisory Board and Coordinating Council for Mental Health,

Substance Abuse and Developmental Disabilities Services (AB/C Council), which is an advisory body to the Board of Health. In 1990, grants were awarded to agencies providing services that accomplish the

objectives recommended in the AB/C Council's "Three-Year Plan for Mental Health, substance Abuse and Developmental Disabilities Services in Lake County, Illinois, 1988-1991."

*Greatest selection of most advertised vehicles prices are after manufacturer's rebate if rebate applies. All monthly payments are after 10% down payment plus license, title and taxes. Deferred payment price determined by multiplying payment times 60 months adding back down payment, tax, title, plates. APR 15%, remember we're here to deal, make us an offer. First time new car buyers rebate subtracted from all prices and only applies to 1st time new car buyers.

May 4 dinner will honor top legislator

State Representative John S. Matijevich (D-North Chicago) of the 61st Dist., will be honored for 24 years of service to Lake County in the state legislature at a distinguished service banquet on Friday, May 4, at the Holiday Inn, Mundelein. It will start with a 6 p.m. social hour followed by a 7 p.m. dinner.

Speaker of the Illinois House Michael J. Madigan is honorary chairman. The Lake County Democratic Central Committee is coordinating the event.

Lake County Democratic Party Chairman Betty-Ann Moore cited Representative Matijevich's long-term service, and his leadership on behalf of many citizens' causes as the focus of the event. "Matijevich has never hesitated to carry the banner for many good legislative issues," Moore said. "We owe him a debt

of gratitude, and a public thank-you for his efforts and results on our behalf," Moore said.

Matijevich is running for re-election in the fall. Dinner tickets are \$50 per person. Additional information and reservations are available by calling (708) 816-8303, or (708) 872-8167.

Matijevich serves the 61st Dist. comprising the cities of Waukegan and North Chicago. He is an assistant majority leader and is completing his 24th year in the House of Representatives. Matijevich is also chairman of the Rules Committee, and a member of the Consumer Protection, Executive, Insurance and Labor and Commerce Committees.

For four years, he served as chairman of the Appropriations I Committee and was

also chairman of the Executive Committee.

Matijevich served as magistrate for the city of North Chicago from 1959 to 1963. After that, he was chief of police from 1963 until 1967 when he began his career in the Illinois Legislature.

During his 24 years in the legislature, Matijevich has received many Best Legislator Awards. For seven consecutive years, he has received the Friend of Education award from the State Board of Education. Matijevich has also been recognized for his work in special education, adult education and vocational education.

Woody Colangelo, Legislative director of the Steelworkers of America, and a member of the committee to honor

Matijevich, said, "Matijevich's record in behalf of working people in Illinois has been near-perfect."

John Matijevich

Mom Likes To Cook

By Randee Rian

If spring fever makes you eager to escape the kitchen, my Easter menu should help your getaway. Even my baked-ham dinner is low-key, with a complement of make-ahead dishes that cook together in one oven.

You can bake the side dishes and heat the dinner rolls along with the ham in this one-oven meal. Add colorful Easter eggs and flowers to decorate your table and prepare your family's favorite dessert. Then you're set!

Have a very Happy Easter and special day!

Baked Easter ham with mustard-apricot glaze

Bake a fully cooked, bone-in ham, 10 to 14 pounds, for approximately 3 to 4 hours or until the meat thermometer inserted into the center reads 140 degrees.

This glaze is wonderful, I hope you'll give it a try.

1 jar Dijon mustard with seeds

2 cups apricot jam

1/2 cup dry sherry

Combine all ingredients in small bowl.

1 12 to 14 pound fully smoked ham, bone in
Place ham on rack in open roasting pan. Insert meat thermometer into center of meat, being careful not to allow it to touch bone or fat. Bake at 325 degrees for 2 to 2 1/2 hours.

Meanwhile have the ham glaze waiting with basting brush.

Remove ham from oven; carefully cut off any tough outer skin from it and discard. With basting brush, lightly coat the ham with the glaze and return it to the oven. Every 15 minutes baste more of the glaze over ham. The ham should be done in 1 hour. Remove to a serving platter until ready to serve.

Almond rice pilaf

The almonds are a nice accent in this rich pilaf, perfect to serve with your Easter ham.

1/2 cup butter

1 cup each uncooked long-grained rice and sliced mushrooms

1 tsp. Italian seasoning (or 1/4 tsp. each basil, oregano, thyme and marjoram).

3/4 cup chopped green onions

2 2/3 cup chicken broth

3/4 cup slivered almonds

In a large frying pan, melt butter over low heat. Stir in rice, mushrooms, Italian seasoning and green onions; cook, stirring, until onions and mushrooms are tender, about 5 minutes. Spoon mixture into a lightly greased shallow 2-quart casserole (at this point you may cover and chill).

Stir in broth and almonds and bake, covered, in a 325 degrees oven for 1 hour (if chilled, allow 1 hour and 10 minutes). Let stand 10 minutes stir before serving.

Serves 6 to 8

Lattice cheese pie

1 3/4 to 2 1/4 cups flour

1/4 cup sugar

3/4 tsp. salt

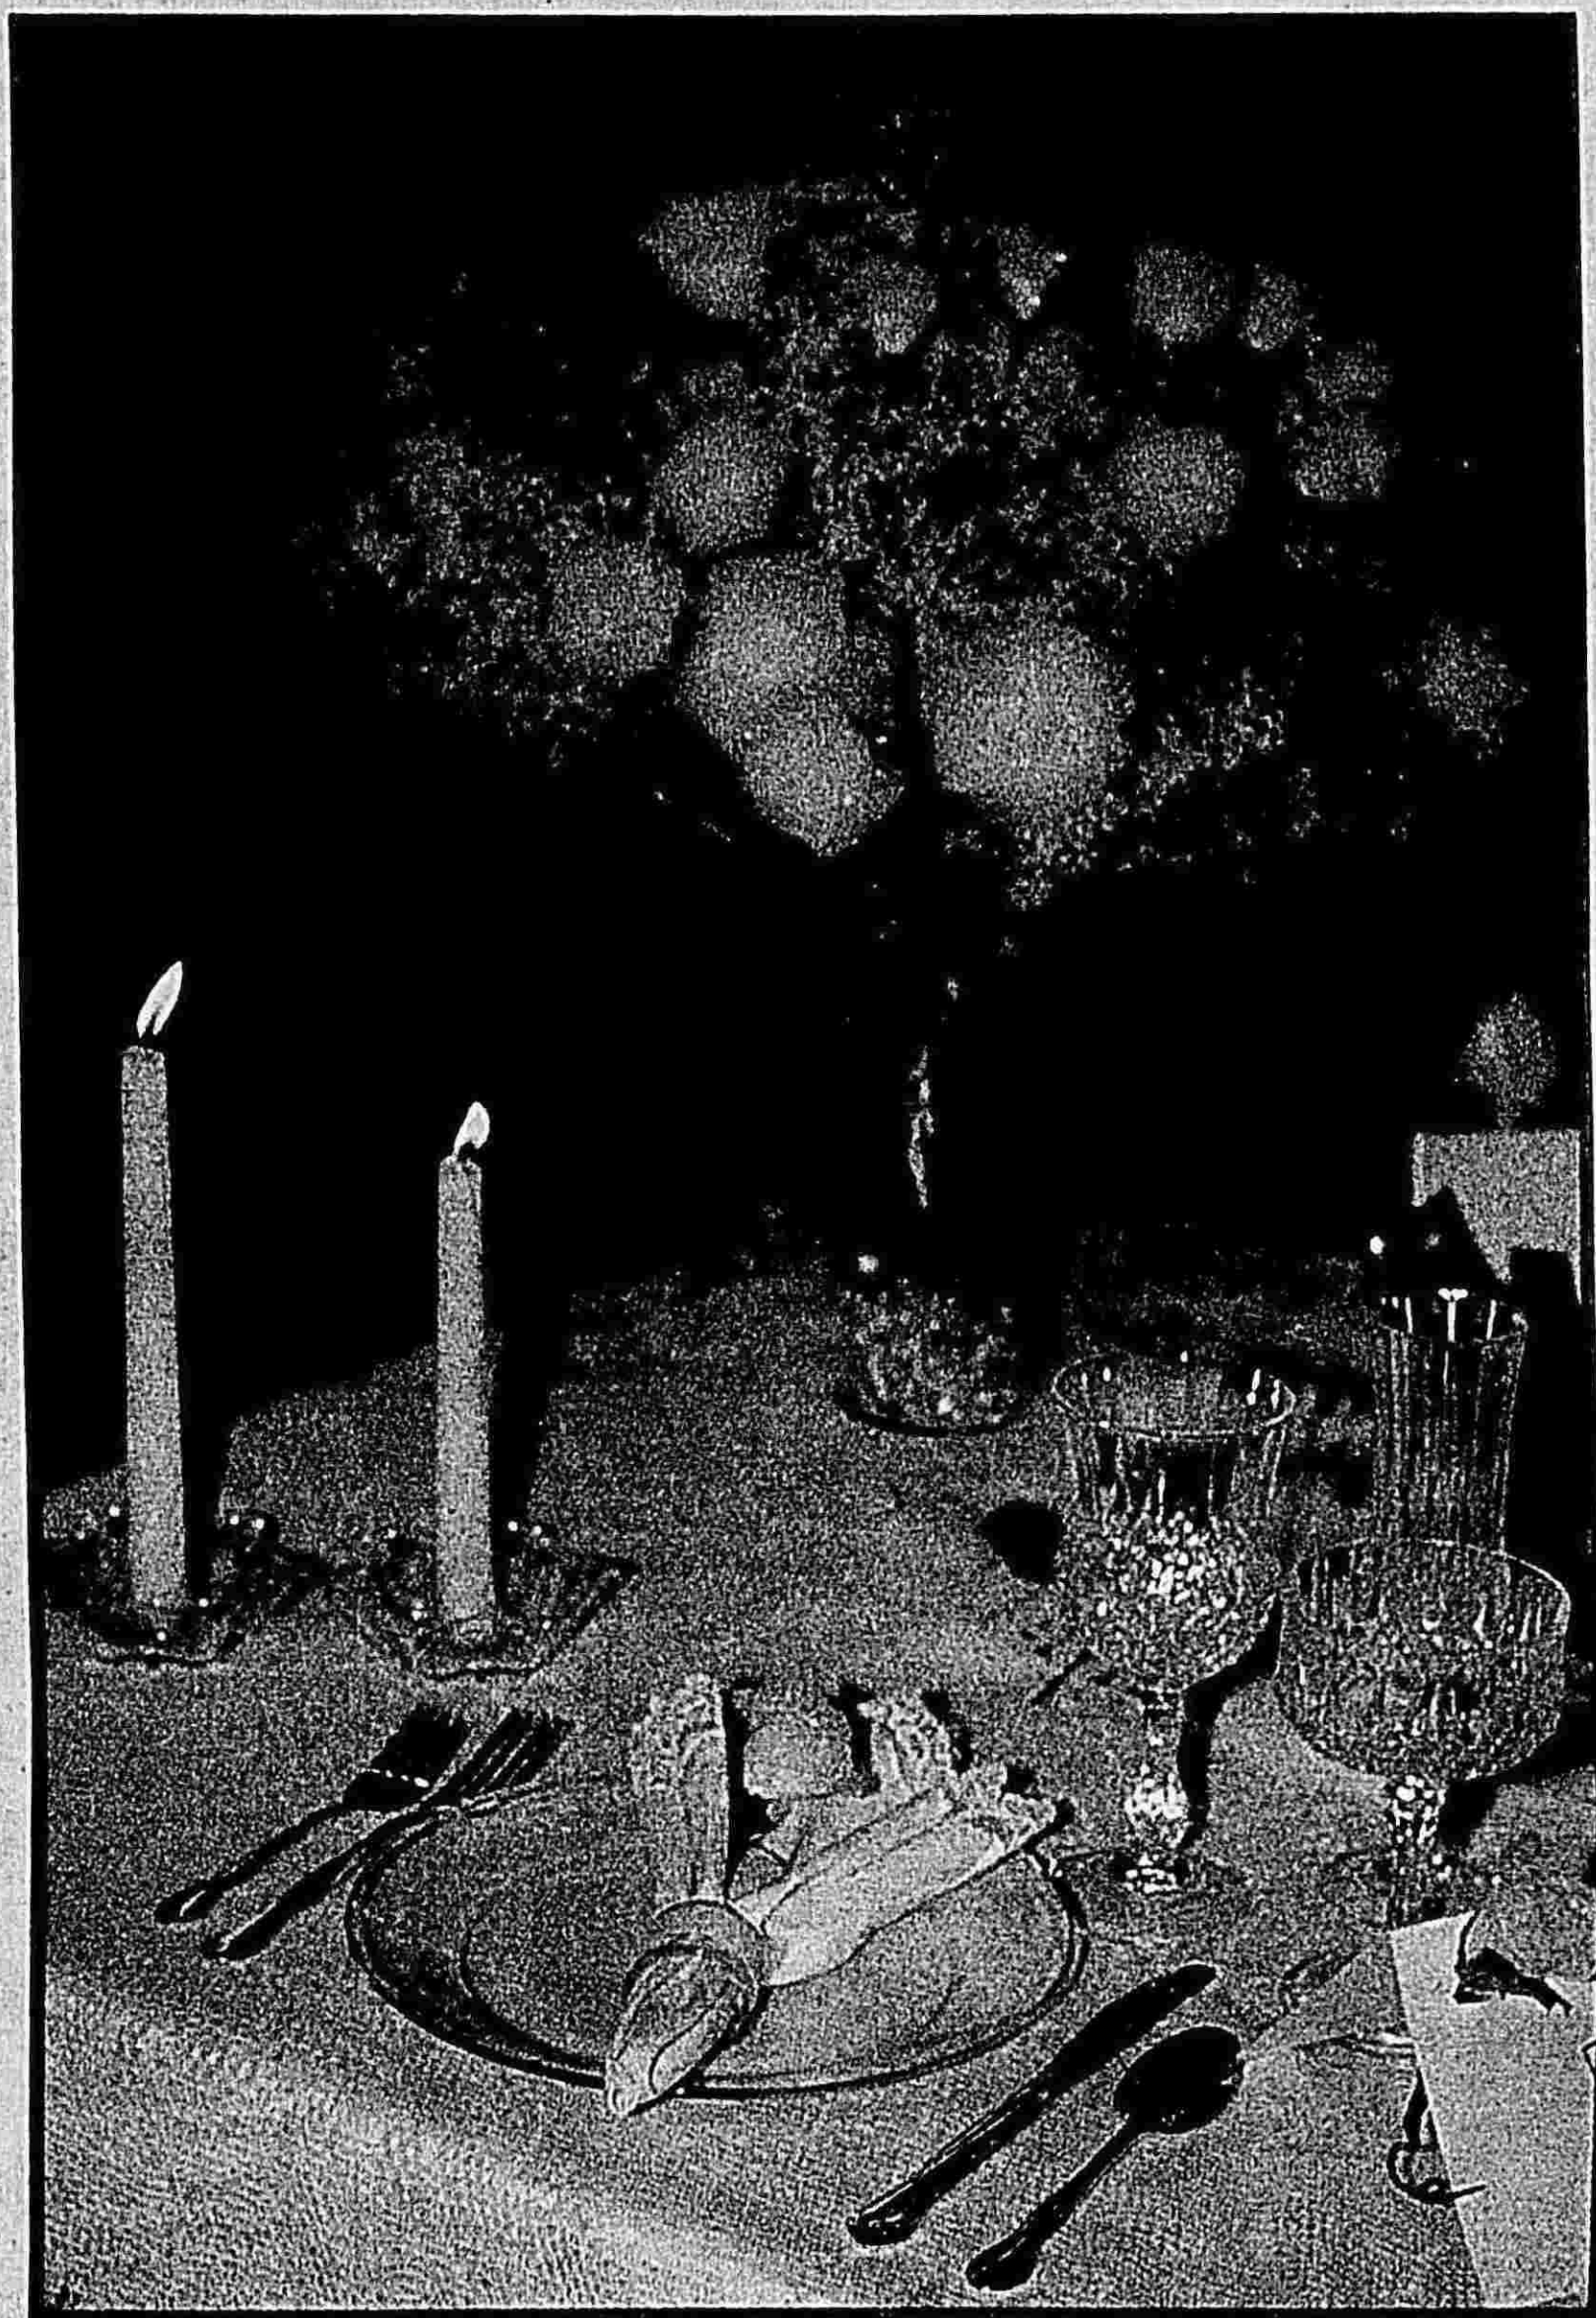

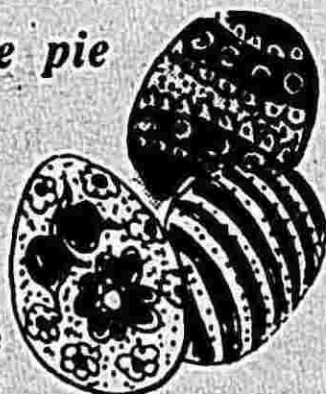

1 package yeast

1/3 cup milk

1/4 cup water

1/2 cup butter or margarine

1 egg, at room temperature

Easter dining splendor

Whether it's a gorgeous glazed ham or a simpler menu, Easter dinner is more splendid when served at a beautifully set table. A lemon yellow rose centerpiece is enhanced by the matching yellow liner beneath the lovely lace tablecloth. Clear glass dishes add to spring feeling of this tablesetting from the Scholarship Tablesetting held by the Westosha Business and Professional Women's Club annually. — Photo by Gloria Davis.

In a small bowl, combine 1/2 cup flour, sugar, salt and undissolved yeast. Heat milk, water and butter to 120 to 130 degrees. Butter does not need to melt. Gradually add to dry ingredients; beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Add egg and 1/2 cup flour; beat at high speed 2 minutes, scraping bowl occasionally. With spoon, stir in enough additional flour to make stiff batter. Cover tightly and refrigerate 2 to 24 hours.

Remove dough from refrigerator. Reserve 1/4 dough for lattice top. Roll remaining dough on lightly floured surface to 10-inch circle; fit into 9-inch pie plate. Leave about 1/2 inch of overhang all around the pan. Spoon filling into shell. Roll reserved dough to 10-inch circle; cut into 1/2-inch strips. Arrange strips on pie in lattice pattern. Fold the overhang up over the ends of the strips and press firmly. If desired, brush pie with egg glaze and sprinkle with sugar.

Bake in 350 degree oven for 35 minutes. Cover with foil; bake additional 10 minutes or until skewer inserted in center comes out clean. Cool in pan on wire rack.

Cheese filling

Beat 1 (8 oz.) package softened cream cheese until light. Beat in 2 eggs and 1 Tbl. lemon peel. Stir in 1 cup chopped dates. Refrigerate until ready to use.

Sweet spring pickle slices

Serve a heaping dish of these spring-fresh pickle slices with dinner. A home economics teacher-friend shared this years ago and I've made these so many times. Can be made a couple days before serving time, no processing necessary. Store in the 'fridge' and wait for the compliments. So simple, but so good.

7 cups cucumbers (the small 'pickling' ones have thinner skins, but the common cucumber can be used)

1 large onion, sliced thin

1/4 cup salt

Place in a large bowl the cucumbers and onions sprinkled with salt. Cover the mixture with ice cubes and let stand for 2 hours. Occasionally toss the whole mixture. After the 2 hours, drain and rinse.

Boil: 3 cups sugar

1 1/2 cups vinegar

1 1/2 Tbl. celery seed

Bring to rolling boil, remove from heat and cool. Place drained cukes and onions in large jar or bowl (glass) and pour syrup mixture over all. Store in refrigerator. Can be eaten the next day.

Lakeland's COUNTY NEWS

PUBLIC NOTICE

Round Lake Community Unit Dist. No. 116 is seeking bids for the following supplies and services:

1. Student Insurance
2. School Towel Service
3. Custodial and Maintenance Supplies

Offer volunteer training and support

The Tri-County Crisis Pregnancy Center located at 213 S. Main St., Wauconda, has scheduled a 16-hour training course for volunteers to be held at the Center on two Tuesday and Thursday evenings, April 17, 19, 24 and 26, from 7 to 9:30 p.m. and on Saturday, April 21 from 9 a.m. to 4 p.m. There is a \$25 fee, but scholarships are available. Individuals are welcome to attend whether they want to volunteer or are interested in expanding their knowledge of the CPC ministry. Further information may be obtained by calling the Center at (708) 526-0960.

PWP to meet Friday the 13th

Parents Without Partners (PWP) Chapter 247 invites all single parents to a general meeting on Friday, April 13 at the Cabriolet Restaurant, Rtes. 137 and 21 in Libertyville. Newcomers may arrive at 8:30 p.m. for a brief orientation program. The evening's program will begin at 9 p.m. with dancing and socializing to follow. PWP offers social and educational activities for single parents and their children; custody is not required for membership. For further information call (708) 566-7929 or (708) 740-2028.

Miss McHenry Pageant

Beginning Monday, April 16, applications for this year's Miss McHenry Pageant will be accepted at the McHenry Area Chamber of Commerce

office, 1257 N. Green St. The applications may be picked up at any time during the Chambers business hours, 9 a.m. to 4 p.m. The pageant is open to all girls between the ages of 17 and 20. Contestants must live in the McHenry/Johnsburg school districts, have a McHenry address, and have never been married. The filing deadline is May 14 at 4 p.m. For further information call the Chamber office at (815) 385-4300.

AAUW host Dr. Friend

The American Assn. of University Women (AAUW) Deerfield Area Branch will hold a branch meeting at 7:30 p.m. on Tuesday, April 17 at the Zion Lutheran Church, 10 Deerfield Rd., Deerfield. Dr. Gary Friend, a podiatrist and foot surgeon, will speak on foot surgery. His presentation will be accompanied by a slide presentation. Dr. Friend is the Medical Director of the Lake County Marathon and the Highland Park Hospital "Run for the Health of it" 10K race. The meeting is open to the public. For more information call (708) 945-4817.

Autism Society to meet

The Northeast Illinois Chapter of the Autism Society of America will meet at 7 p.m. on Tuesday, April 17 at Laremont School in Gages Lake. For more information call (708) 566-0945.

Birthday night

Young Single Parents will have a birthday party night at 8 p.m. on Tuesday, April 17 at Peppers, 1170 22nd Ave., Kenosha, Wis. Open to all single parents 21 to 45 years of age. For more information call Geri at (414) 652-6067 or Diane at (414) 633-1619.

Rummage and bake sale

St. Joseph Altar and Rosary Society, Rtes. 173 and 12, Richmond, will hold a spring rummage and bake sale from 9 a.m. to 4 p.m. on Wednesday, April 18 in the school hall. Call (815) 678-4262 for further information.

LaLeche League meeting notice

Mothers interested in information about breastfeeding are welcome to attend the next meeting to the Chain O'Lakes Area LaLeche League. It will be held at 9:30 a.m. on Wednesday, April 18. The topic will be "Breastfeeding and Beyond." For more information and location of the meeting call (708) 587-2957 or (708) 546-5261.

Headache Support Group

A free Headache Support Group will be meeting on at 7:30 p.m. on Wednesday, April 18 in the education center of Highland Park Hospital, 718 Glenview Ave., Highland Park. The speakers will be Dr. Lawrence Robbins, M.D., and Dr. Sandra Scheinbaum, Ph.D.

Adoption Support Group

Northwest Suburban Adoption Support Group (S.A.S.) will meet at 7:30 p.m. on Thursday, April 19 in the meeting room of the Barrington Area Library. Ms. Toni Carter of Dimensions in Adoption will discuss "Parenting the Adopted Child-Issues Related to the Community and

School." S.A.S. is a non-profit, volunteer organization open to those who have adopted and those looking to adopt. For more information call (708) 382-7606 or (708) 382-7435.

Blue Lite Singles plan meeting

The Blue Lite Singles will hold their general meeting at 7:30 p.m. on Thursday, April 19 at the Moose Lodge, 2755 W. Washington, Waukegan. For information call (708) 623-8357. All single mature adults welcome.

Antique sale and show

Libertyville Woman's Club will sponsor an antique sale and show at the Mundelein Holiday Inn, Rtes. 45 and 83. Hours are 5 to 9 p.m. on April 20, 10 a.m. to 6 p.m. on April 21, and 10 a.m. to 5 p.m. on April 22. Approximately 30 dealers will be represented with quality merchandise of china, crystal, furniture, books, jewelry and more. Tickets may be purchased at the door for \$3 or from club members for \$2. For further information call B.J. Jording (708) 362-2598 or D.K. Mesenbrink (708) 362-7560.

Toastmasters meet bi-monthly

The Alpiners Toastmasters Club of Lake Zurich meet at 7:15 p.m. the first and third Monday at Knigge Center, 99 E. Main St., Lake Zurich. Toastmasters provides members with communication and development programs. Visitors welcome. Call Jim Pauley at (708) 540-8017 for further information.

EYE CARE

News, Views & Questions About Your Eyes

By

Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTIONS: Can babies get infected eyes from crying?

ANSWER: No, but when a baby's tear drainage system is blocked, its eyes will overflow with tears and mucus and may frequently become infected. About one third of newborn infants may have this problem.

Tears drain from the eyes through small openings on the upper and lower eyelids near the nose and into tear sacs located under the skin on each side of the nose. From there, blinking pumps the tears through tear ducts to the back of the nose. The membrane protecting the lower end of the tear drainage canal normally opens at birth. If it remains closed, the draining system is blocked and tears overflow from the eyes.

Antibiotic eye drops or ointment and massage of the tear ducts are frequently used. This will frequently self-correct by the time an infant is six months old. If not, an ophthalmologist may elect to open the tear duct with a probe or place small tubes in the tear drainage system.

MAINSTREAM

Don't wait for crisis to get that second chance

by MEL BADELL
Lakeland Newspapers

A friend of mine had been very ill. She was experiencing heavy bleeding from her ears and severe dizziness. The doctors did not know what was wrong.

She was admitted into the hospital for testing. Among the several procedures that she underwent was a Cat Scan. For those of you who have never had the pleasure, this is a painless procedure (at least physically, that is). You are placed on kind of a conveyor belt and run through a steel tunnel very slowly. X-rays are taken during the process.

It sounds simple enough. But for the percentage of the population that is semi-claustrophobic, it can be quite an experience. Coupled along with worrying about what could possibly be wrong as

you venture ever-so-slowly into that diagnostic tunnel, it can prove very nerve-wracking.

My friend's journey was not so different. As she slowly went through this machine, her mind played tricks on her. She imagined her death and envisioned herself being cremated.

I was surprised. What a morbid experience! It prompted me to ask if perhaps a strong sedative or even a hallucinogenic drug had not been given to her prior to this test. But she just smiled and said no.

Luckily, after reviewing the results of this and other exams, her condition was evaluated as a severe inner ear infection, and she was put on medication and released.

Though not fully recuperated, she said that she felt wonderful. As she got into her

car in the parking lot, she took out a picture of her family that was in the glove compartment. There was so much love in her family's eyes. This is what her life was all about.

Before she arrived home, she stopped by the local toy store and purchased two large teddy bears, one for each child. She placed them on their beds for when they got home from school.

As I looked at her, she still seemed very tired from the whole ordeal, but there was this new attitude. It's amazing what people do when

they get a second chance at life. It seems a shame that it takes a severe medical condition, a close call, or even the death of a loved one to remind us of what is really important.

Deadlines hover over us everyday at the office. There are quotes to be met. The

kids have to be carpoled here and there. The baby has to be bathed and put to bed after a long day. We never get a breather.

But in the great scheme of things, I wonder if maybe this is what it's all about. Perhaps if we noticed it, we could enjoy even the most menial tasks and consider it to be extra time that we get.

Nature has a way of showing us things. Second chances come naturally.

There is a certain miracle about tulips that come back every year. At the beginning of the summer, the stems dry up. It seems like no life is left. And yet, the next year, as sure as spring, they appear.

Sometimes, outside the window, there are sunsets so pink that they seem like they'll never be matched. Days later you'll see one just as great but with a different design to it.

As the leaves begin to unfurl on the trees at this time of year, it's hard to believe that during the winter months they were but bare twigs.

So maybe this year we won't have to wait for a crisis to remind us of a second change. We can just look for the first crocuses of spring to appear.

Common Threads

Towns-end searching for Nosey Britches II

Lt. Steve Towns-end and Nosey Britches

by MIKE PRAMSHAFFER
Lakeland Newspapers

Antioch resident Steve Towns-end has a big chore ahead of him, one which might not be possible. Towns-end is the owner of Nosey Britches, a 142-pound bloodhound who specializes in police work, but the dog with such a special talent is on his way out and a replacement must be found.

Nosey Britches, 6, has been used by police, fire and rescue organizations in Illinois, Wisconsin and Iowa to perform his special talent - locating drowning victims and other missing persons.

Towns-end needs to find a replacement for Nosey Britches because bloodhounds only live between seven and eight years. "He is going to be a very hard 'hound' to replace. There are only two other 'hounds' in the state of Illinois with his ability," he said.

Nosey Britches has been responsible for 73 body recoveries, including 13 drowning victims. Towns-end, a lieutenant for the Lake County Sheriff's Dept., is looking

for donations to purchase another bloodhound. He said a 'hound' of Nosey Britches' caliber will cost approximately \$900. He said he may have to go as far as Michigan or Virginia to find a replacement.

When asked to explain the process in which Nosey Britches finds drowning victims, Towns-end said, "The dog works from a pontoon boat and sniffs the top of the water for the scent of the person. He then dives into the water above the body."

This unusual technique was developed by Towns-end and he teaches it to dogs and handlers from all over the United States and Canada through his part-time business, Towns-end's Dog Training School of Antioch, Ltd.

The last two attempts by Nosey Britches to locate a drowning victim, although successful, almost were disastrous for Towns-end. He said Nosey Britches practically drown himself, and that he had to apply mouth-to-snout-resuscitation to save the 'hound.'

Critic's Choice

by TOM WITOM

"Reckless," Steppenwolf Theater Company's latest endeavor, is billed as a comic nightmare - and a strange tale it is.

Written by Craig Lucas, the play follows a woman's series of bizarre adventures that begin when she is forced to flee her apartment Christmas Eve via a fire escape while dressed in house slippers and a pink flannel nightgown.

Circumstances find her assuming a new lifestyle and taking up residence in a shelter for the handicapped. Her housemate includes Susan Nussbaum as Pooty, a paraplegic who pretends to be a deaf-mute in order to get special attention from the care-giver Lloyd (played with a certain manic abandon by Boyd Gaines).

In one madcap scene the woman, Rachel (played by Joan Allen), appears on a tv game show, "Your Mother or Your Wife" wearing a makeshift glob on her head.

Then there's a scene with the poisoned wine and several trips to various psychiatrists. And throughout no one is who they seem to be. An apparently loving husband turns out to have homicide on his mind, while other characters have taken on new identities and careers in order to somehow compensate for injuries they were responsible for earlier in their lives.

Confused? "Reckless" operates on more than one level, and similar to dreams, it doesn't always follow a logical progression.

Inspecting Victory's antiques

Sandy Welker, member of Victory Hospital's Friends of the Foundation, inspects antique crockery at Quiet Country Antiques in Long Grove, one of 50 shops displaying antiques at Victory's Hunt Club Country Antique Show, slated for April 28 and 29.

Community band plans concert

The newly formed Lakes Area Community Band has planned its spring concert to take place on Saturday, April 21 at 7:30 p.m. in the College of Lake County Auditorium.

Admission to the hour and a half concert will be \$3 for adults and \$1.50 for children under 12 and seniors.

The band, which began last summer, is made up of approximately 50 students and adults who meet once a week to practice, and have played six concerts since they started.

The concert will contain a wide array of band literature; from the Vaughan-Williams "Folk

Song Suite" to a medley of tunes from "Phantom of the Opera" arranged by Warren Barker. Also on the program, will be music by Gustav Holst, Aaron Copland and J. S. Bach.

Rehearsals are on Monday nights from 7 to 9 p.m. in the band room of

Antioch Community High School and no audition is required simply a commitment to making music. For more information about the concert or any possible members call Neal Smith at (708) 395-1421 or Tom Erlernborn at (708) 395-5566.

Hunt Club antique show to benefit Victory Hospital

Looking for a pleasant day in the country? Enjoy browsing among treasures from grandparents day? Then mark the calendar to attend the Second Annual Hunt Club Farms Antique Show on April 28 and 29.

Over 50 antique dealers from throughout the midwest are setting up their displays with the rolling landscape of Hunt Club Farms as a backdrop.

There are antiques to suit every taste — fro quilts to glassware to jewelry to furniture. Even the casual

browser will enjoy the wide variety of items at the Hunt Club Farms Antique Show.

In addition to the antique show, everyone is invited to enjoy the beauty of equestrian riding and jumping exhibitions throughout the show. Tasty snacks and sandwiches are available in the food court. A raffle of a variety of interesting prizes is also being held.

Admission to the Hunt Club Farms Antique Show is \$4. Tickets may be purchased at the door. All proceeds benefit the Victory

Hospital Foundation for patient services.

The show is from 10 a.m. to 5 p.m. on April 28 and 29 at the Fields and Fences Equestrian Center, Hunt Club and Stearns School Rds., half a mile north of Grand Ave. (Rte. 132). If traveling the Tri-State Tollway, exit west at Great America to Hunt Club Rd. and turn north.

For additional information, call the Victory Hospital Foundation, (708) 360-4242.

Nosey Britches

(Continued from page 18)

"I would like to start training a new 'hound' to replace Nosey Britches, but bloodhound puppies are very expensive and I'm not in a position to afford that right now," said Towns-end. The cost of maintenance, food and veterinary services are assumed by Towns-end at an expense of about \$1,300 per year.

A "Bloodhound Fund" has been started at the State Bank of Antioch. An initial donation of \$200 has been made by the

Mundelein Junior Women's Club.

"I've received donations from others, but I'm still about \$600 short of being able to purchase a 'hound,'" asserted Towns-end. "I only hope that other organizations can see the service we provide and assist me in the purchase."

To inquire about donations, please write to: Bloodhound Fund, 43198 N. Kidd Dr., Antioch, IL 60002, or to the State Bank of Antioch, 440 Lake St., Antioch, IL 60002.

Marriott's Lincolnshire rehearses 'Into the Woods'

Marriott's Lincolnshire Theatre, in association with Candlelight Dinner Playhouse, present the Chicago premiere of Stephen Sondheim's "Into the Woods," beginning April 11 and playing through June 17.

This premiere marks the first co-production venture between producers William Pullinsi and Anthony D'Angelo of Candlelight and Marriott's Kary M. Walker. "We are very excited about the possibilities this production presents," says Walker. "We knew that we both wanted to do this show, so besides combining artistic and economic forces, we get to work together, which is what the show is ultimately about."

"Into the Woods," winner of Best Musical Award by the N.Y. Drama Critics Circle and the Drama Desk, also won Tony Awards for

Sondheim's score and James Lapine's book.

Two dinner packages are available featuring menu

selections from Marriott's Lincolnshire Resort's Fairfield Inn or King's Wharf restaurants.

Libertyville Lumber, a family-run establishment located at 412 N. 1st St., has been in business for 107 years and is still running strong. Principal stockholder Herb Lambrecht has been able to continue the company's successful ways since taking over in 1974. At right, Lambrecht (right) and his son, Gregg (middle) inspect the lumber yard with Steve Galvin of Olympic Industries. Above, other sons, (from left) Philip and Jeffrey, along with son-in-law Brad Chiakas man the counter.---Photos by Michael Jordan

Lambrechts continue lumber yard success story

by MIKE PRAMSHAFER
Lakeland Newspapers

To be in business for over 100 years is an accomplishment not achieved by many Lake County establishments. It takes a special mixture of quality service and a marketable product which is in demand.

Libertyville Lumber, formed in 1883, has that special mixture, mainly due to the efforts of Herb Lambrecht.

Although Lambrecht cannot take credit for Libertyville Lumber's 19th century beginning, he can be attributed with the company's continued success.

Lambrecht purchased Libertyville Lumber in 1974 from Donald Mercer. Since then, the establishment has been flourishing.

As principal stockholder of the corporation, Lambrecht, 66, has made Libertyville Lumber a family-run business with four sons and a son-in-law calling the shots at the lumber yard.

Like many family-run businesses, Lambrecht feels the "family" aspect of the business is what's helped him make Libertyville Lumber the success it is.

"This company has a rich history of success throughout its 107 years in existence. I've tried to keep that success going since taking over ownership in 1974," he said.

His son Gregg, 34, is the vice president/general manager of the operation, which employs approximately 20 people.

Steven, 29, is the assistant vice president, while Jeffrey, 41, is the yard foreman, and Vincent, 31, a truck driver and yard laborer.

Lambrecht's son-in-law, Bradley Chiakas, 31, is the company's counterman and purchasing agent. Lambrecht's wife,

Catherine, also works at the lumber yard as a secretary.

"We think being a family-run business makes us kind of special because it allows us to apply a more personalized type of service. We work well together because each one of us knows what our place is in the company," said Gregg.

The Lambrechts claim the key to success has been quality products and fast, efficient service. "That's kind of a generic line because every business owner says it. But I really feel that it's true with Libertyville Lumber. We treat each customer like a king or queen," asserts Herb.

Gregg believes there is no other lumber yard in the county which has quicker service than Libertyville Lumber. "We have two ways of communicating to the lumber yard from the office, and that helps us to give our customers the quickest service possible. Product and service satisfaction can be judged by the number of repeat customers a business has, and in our case it's quite a few."

Libertyville Lumber, located at 412 N. 1st St. in the center of town, is situated on approximately three acres of land. The establishment specializes in all cedar products and an extensive line of exterior/interior windows and doors. The company also has its own shop at the plant specializing in pre-hung doors. A variety of other types of lumber and materials also is available.

The lumber yard carries Semco & Anderson windows as well as Midwest Molding products. Not only do they sell these products, but they also provide installation service.

A wide range of accessory materials for decks and other outdoor projects are

available at Libertyville Lumber as well. As far as the future is concerned, Herb is not going to let his success stop here. He

said he has been kicking around plans to expand his lumber business into another community in the somewhat near future.

Business Briefs

Waukegan

Officials of the Cherry Corp., Waukegan, have announced that the people of its Waukegan operations have been voted the coveted General Motors Corp. "Targets for Excellence" award. This award, which is formally dedicated "to the people of Cherry Electrical Products in Waukegan," was presented by General Motors officials representing its Detroit, Mich. headquarters. The GM "Targets of Excellence" award recognizes Cherry Electrical Products' outstanding performance in four areas—delivery, quality, management and technology.

Lincolnshire

MDS Scientific, Inc. of Lincolnshire has announced the acquisition of the assets of the former Tecan Remote, Inc., of Norcross, Ga. Tecan Remote, a five-year-old firm, had been engaged in the development of remote sensing products for use in industrial safety and environmental monitoring. Remote sensing products use laser, infrared and ultraviolet light to detect, identify and quantify the presence of harmful gases in very low concentrations (parts per billion) over distances up to several

miles. The operation had brought several products to the final stages of development with shipments to begin within weeks. MDA Scientific, Inc. is a manufacturer of wide range of instruments employed for detecting toxic and trace gases in semiconductor, chemical, automotive and general industries.

Grayslake

Rudolph's Furniture in Grayslake has expanded again for the fifth time in seven years. The store now occupies the total building at the corner of Rte. 83 and Center St. The expansion has allowed Rudolph's to carry a larger variety of furniture as well as offering more room to display it properly. With over 22,000 square feet of showroom and warehouse space, Rudolph's is now one of the largest and most complete furniture stores in Lake County.

Mundelein

Fairhaven Lanudromat and Dry Cleaners, located at 514 E. Hawley in Mundelein, has just finished redecorating its facilities and has installed all new modern washers and dryers.

Lombardo Forth

Larry Fales, broker/owner of ReMax Advantage Realty in Antioch has announced the association of Pat Lombardo Forth with his firm. ReMax Advantage is the largest real estate company in Northern Lake County with closed sales in excess of \$50 million for 1989. Lombardo Forth

comes to ReMax with over \$2 million in closed sales for 1989 and is licensed in Illinois and Wisconsin. A native of Antioch, she attended St. Peter Grade School and Antioch Community High School. Lombardo Forth attended

Eureka College in Eureka and is a graduate of Blackhawk College in Moline. She is a member of St. Peter's Church where she is a Lector. She also is a parent volunteer in Antioch schools and is a member of the Education

Committee for the Lake County Board of Realtors. Pat has four children, all attending Antioch schools.

John Keippel

John Keippel of Fox Lake, an agent in the Country Companies Lake

Zurich Agency, has completed the insurance and investment group's Qualified Plans School. The school was held Feb. 20 at the Country Companies Home Offices in Bloomington. The Qualified Plans School is part of an advanced training program

designed to introduce agents to qualified tax-deferred retirement plans. Agents are introduced to Individual Retirement Accounts (IRA), Simplified Employee Pension Plans (SEP), Keogh Plans and Tax Sheltered Annuities (TSA).

Nutty business has holiday touch

The Perfect Nut of Buffalo Grove has a new catalog designed for diverse yet specific holidays and events that take place in April.

The catalog has separate sections filled with food and other ideas its management considers perfect for Easter, Passover, Secretaries Day, the opening of the baseball, fishing and golf seasons, along with spring family happenings such as a birthday, new baby, get well and housewarming gifts. Easter gifts include many cloth, crystal, ceramic, tin and rope containers filled with assortments of quality and tasty candies and nuts, filled eggs, truffles in a colorful Batic box and

much more.

For Passover, while there are traditional selections, one unusual item sure to create interest, she said, is a lovely cloth matzoh cover decorated with a traditional Seder plate filled with chocolate covered egg matzoh.

"Take a byte," is the name of one gift for Secretaries Day--it's an all chocolate computer. There are typewriters in chocolate with real note pads and a coffee break gift filled not only with gourmet coffee but also with Ghiradelli chocolate squares, a chocolate chip brownie and other items that can be kept on a desk.

FINANCIAL FOCUS

reported by Brosius D'Arcy

In 1973 the United States District Court of the District of Columbia repealed Rule 23, which had been established in 1937 as a list of investment criteria to select and screen securities.

In the Depression years, courts across the country took action against the excesses of speculative investing in an effort to protect the future beneficiaries of trusts and estates.

In 1937 the U.S. District Court in the District of Columbia established a list of investments suitable for trust funds.

At first the list was restrictive, consisting mostly of ultra-conservative investments. However, some bonds on the list yielded more than 10 percent and sold for less than 50 cents on the dollar. It was a matter of finding bargains without sacrificing quality.

In 1973 the same U.S. District Court instituted the "Prudent Man" rule, which requires fiduciaries and trustees only to act with "care, skill, prudence, and diligence."

Although Rule 23 is gone, the Legal List criteria are alive and well. The philosophy of finding value in quality issues by adhering to rigid criteria not only protects in bad times, but also excels in good times.

Palatine shopping center breaks ground

Ground has been broken for Regency Plaza, a 133,000 square-foot community shopping center in Palatine.

Occupying 15.27 acres on the northeast corner of Quentin Rd. and Euclid Ave., Regency Plaza has been designed to blend into its predominantly upscale residential surroundings. The center is being built by Marc Development &

Construction Corporation with completion and grand opening planned for mid-November.

According to Jeff Maresh, Marc's director of development, anchor tenants will be a 41,764 square-foot Piggly Wiggly supermarket, a 13,000 square-foot Walgreen's drugstore and a 12,500 square-foot locally owned True Value hardware store.

Regency Plaza, which was 80 percent preleased at ground breaking, has space for approximately 25 additional retailers and parking for over 600 cars.

Regency Plaza's location is about a half mile from Harper College, Fremd High School, Square D Corp. and the Williamsburg Village office park, headquarters of The Marc Group.

Regency Plaza's traditional architectural style is thoroughly compatible with the nearby residential area that the shopping center will serve. The masonry structure features an elaborate medium-brown color facade with brick archways decorated with pre-cast concrete and stucco accents, a roofline that mirrors local residential construction.

\$300,000 renovation on Long Lake

The Sabatini Family has announced the completion of a \$300,000 remodeling project at Frigates on Long Lake in Ingleside.

This well-known eating and entertainment establishment has been a landmark in western Lake County since the early 1940's. The Sabatini family started in the restaurant business back

in 1937 in an empty store with an old used counter and three tables on Erie St. in Chicago.

In 1946, they purchased 10 acres on Long Lake with fishing cottages and boat rentals. The small shack was used to sell hot dogs, hamburgers, and you guessed it, pasta. Today, with the cottages gone

stands a 10,000 sq. ft. restaurant and night club with a seating capacity of 300.

Joe Sabatini announced that his family will continue with the old tradition of serving their famous home made Italian specialties. Along with seafood and steaks, the extended menu will

continue to offer pizza and carryouts.

"This is our third remodeling project in 10 years. We wanted to conform with the growth of the Chain O'Lakes," said Ralph Sabatini, "and we felt it necessary to continue updating."

"We now offer the New Wave Sounds playing the top 40 selections and they can dance on til their hearts content on the two new dance floors under the new strobe lighting show."

Chamber's 75th Anniversary meeting set for April 17

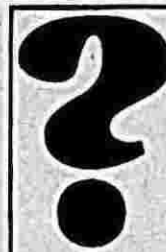

The 75th Anniversary Diamond Jubilee Annual Meeting Waukegan/Lake County Chamber of Commerce will take place on Tuesday, April 17 at the Gurnee Holiday Inn, 6161 W. Grand ave., Gurnee. The 75th Anniversary meeting will be the first event under the chamber's economic theme "Doing Business in

the 90's" and Steve Jacobsen, director of Development for Western Development/Gurnee Mills will be the featured program speaker.

James L. Zegar, chairman of the board of the Waukegan/Lake County Chamber of Commerce will be presenting special Member Recognition Awards to firms that have

been members for 75 years and service Awards to retiring board of directors. Another program feature will be the presentation of the Fred W. Losch Humanities Award for community service.

Reservations can still be confirmed by calling the chamber office at (708)249-3800. Cost is \$45 per person.

CHAMBER

Helpline

A Question From The
Illinois Chamber HELPLINE

Must Employers Hand Over Employee Records?

Q. Do I have to give copies of papers in an employee's personnel file if the employee requests them?

A. Yes, but you can charge the employee the direct cost of copying the page. That may be 5 to 10 cents a page. You may not charge overhead or labor time, etc.

IF EMPLOYERS WOULD LIKE MORE INFORMATION ON THIS AND OTHER CHAMBER SERVICES, CALL 312-372-7373.

Lump Sum Distribution Seminar

Is it better to pay taxes or use an IRA rollover?

This free seminar may well help you save hundreds—perhaps thousands—of your retirement dollars. This comprehensive review of retirement plan distributions can show you whether it is better to pay taxes now—using special income-averaging—or to take advantage of the tax deferral of an IRA rollover.

Date: Tues., April 26, 1990

Lawn Care And Gardening Needs

Great tips available for lawn mower shoppers

Nearly six million walk behind lawn mowers are sold each year in the United States. Below are answers to the most asked questions of lawn mower shoppers:

What are my choices? You'll find a wide range of lawn mower models and prices ranging from bargain basement to more than \$700. There are self-propelling and walk power mowers; side-discharge, rear and side-bagging or recycling models with no bags; pull start or key electric start features; safety systems and more to consider.

How do I narrow my choices? Start with the critical component in the mower, the engine. You'll find three types of lawn mower engines today: standard four-cycle, two-cycle and overhead valve (OHV) four-cycle engines.

The standard four-cycle is the highly durable, industry standard. In recent years, the two-cycle has grown in popularity. The two-cycle is smaller and lighter, and has fewer moving parts to wear out or break. The newest engine on the scene is the OHV four-cycle engine. Its technologically superior design provides extra cutting power, and ease of starting and long life.

Will my mower start easily?

This is the greatest fear of lawn mower shoppers. Always ask the dealer to let you test-start a mower. Also, ask if starting is part of the warranty.

Key electric start options are available on some models. Add 15 percent to the cost of the mower in return for the convenience of automotive-type starting.

Is a self-propelling model right for me? A self-propelling model with wheels that drive the mower is the perfect choice for those who don't want to push their mower back and forth across the lawn.

Some self-propelled models have variable speed options. You may want to run your mower at a slower speed when trimming in confined areas.

When purchasing a rear-bagger, buy a rear-wheel drive version. Why? Because as the bag fills, the front wheels lift off the ground and lose drive traction.

Side-discharge baggers are typically front-wheel drive and easier to control. The operator must simply tilt the wheels up to stop and turn.

What cutting width do I need? Consider first the layout and size of your yard. If your backyard is a maze of flower beds and obstacles, you might want a

narrow width mower for easier maneuvering. Mowers generally range in size from 17 inch to 22 inch, with the 21 inch the standard for many homeowners.

What about my safety? A variety of options are available that will protect the operator while the mower is in operation.

Some models have a special brake designed to quickly stop the blade and the

engine each time the handle is released. A "blade brake clutch" is also available. The clutch stops the blade while the engine continues to run. It saves you from having to restart the mower many times during mowing. Expect to pay \$40 to \$45 for the feature. Your mower should also have a trailing shield at the rear of the mower deck to prevent rocks and other debris from being thrown.

Green Up Time

Shop These Reliable Businesses For Planting,
Lawn Care And Gardening Needs

Choosing a lawn care service can be a big decision

Spring has arrived and each morning you can wake up and see new blades of grass creeping through the ground. A green and tidy lawn is an important aspect

of a well cared for home and maintaining a green lawn takes time and energy, a commodity that often is in short supply for busy homeowners.

Many homeowners today prefer to hire lawn care professionals to handle major lawn maintenance tasks such as fertilizing, seeding, weed control and

the care of trees and shrubbery, as well as the on-going tasks of watering and mowing. In order to hire these companies, you may be required to sign expensive and long-term contracts.

Like any home care service, it is important to thoroughly understand the services to be provided and carefully review all contracts before making a financial commitment. Begin by talking with

others in your neighborhood who have used lawn care services. Find out which companies have done a good job and why. Then talk with representatives from recommended companies to get cost estimates.

Remember, the lowest estimate may not necessarily provide all the services you need.

Ask if the company has liability insurance to cover accidents that might happen while work is being

performed in your yard. Also inquire if the company belongs to a professional lawn care or pest control association. This membership may mean members are better trained and informed.

Check to ensure that the company is licensed by the state. Licensing may require employees to have special training, especially those who apply pesticides to lawns.

LIBERTYVILLE

Day care needs more than 'the minimum'

by PAT CHRISTENSEN
Lakeland Newspapers

"The Day Care Dilemma" was the subject of a day-long National Issues Forum presented at the College of Lake County. Approximately thirty people from the Lake County area participated, many of them day care providers, along with parents and others interested in day care.

The National Issues Forum (NIF) is a nationwide network consisting of more than 1,300 civic and educational organizations. The College of Lake County will prepare a summary of their groups' meetings within the next week and will mail the summary to policymakers on the local, state and national levels.

Those who attended were arbitrarily separated into four groups, and discussed possible solutions to the complex problem of how best to provide adequate daycare to the nation's children. The NIF presented three "choices" for consideration and the group's final recommendations came out of spirited discussion of each.

The "choices" were potential solutions to the problem based on three different approaches. The first choice was called a "pro-family solution" involving the government aiding mothers to raise preschoolers at home.

The second choice was Head-Start type programs for the disadvantaged as part of a "social investment" solution for "at risk" children.

The third choice was for "universal day

care" seeking high-quality day care access for all families with young children, and presenting a clearly defined government role in a public program.

The four groups ended up taking separate elements from all three choices to create their own proposals. Most participants seemed to feel that, ideally, they would like to see parents encouraged to remain home with their children, but that it was not a practical solution for everyone. Many participants wanted to see more corporate involvement in establishing on-site day cares. Some wanted to see less government involvement in day cares as a rule. There was a great deal of discussion over tax incentives and tax breaks both to those parents with children in day care and those parents who remained at home with their children. Some participants wanted to see the government impose penalty fees against companies that did not provide in-house day care. The groups seemed to find a consensus calling for better education among day care providers, more comprehensive licensing standards, higher wages for day care providers and day care being provided to all children regardless of economic or social status.

Each group called for "quality day care" to be a prime consideration in any program, but no specifics were given as a definition for the phrase. Barbara Biles, the regional day care coordinator for the Ill. Dept. of Children and Family Services, attempted to put the phrase in perspective. "When you're talking about quality day care you're taking a look at the

total spectrum of what goes into child care." She cites points as diverse as quality of teacher training and interpersonal skills, teacher-student ratios, developmentally appropriate curriculum, parental involvement and the physical set-up of the plant as far as safety and age appropriate use is concerned.

For those centers that can point out their maintenance of state guideline mandates in these areas, Biles points out, "When you're talking about state guidelines you're talking about minimum guidelines."

Minimum guidelines get you minimum levels of safety and appropriate development. Ideally the guidelines could be tightened even more, but the guidelines don't mean that individual centers can't do better. And I think that people in society really need to take on ourselves to do more than the minimum."

That seemed to be the point that the discussion groups were making in their summary. What action is taken after the summary is mailed out remains to be seen.

Dilemma debaters

The day care dilemma is the hot topic being debated by this focus group. The discussion was sponsored by the College of Lake County and the National Issues Forums, and featured four such groups in a day-long discussion, the results of which will be summarized and mailed to local, state and federal policymakers.—Photo by Pat Christensen

Bandmaster to hang up baton after 33 years

by BILL SCHROEDER
Lakeland Newspapers

High School Bandmaster James "Jim" Ring, who possibly has taught music to more Lake County students than anyone in history, will be putting down his baton at the end of the school year.

The mustached maestro, 55, who spent all but two of his 35 years in music instruction in Lake County, is retiring from his position as band and chorus director at Grant High School, Fox Lake, where he has taught 22 years.

Packing a mountain of energy into a slightly built frame, the diminutive musician taught two years at downstate Earlville before joining the faculty at Warren Twp. High School, Gurnee, where he and his wife, Joan, started their family of six which now includes eight grandchildren. He was at Warren 10 years.

"I was young and could use the extra income," explained Ring as he recounted stints at Woodland Consolidated, Diamond Lake School, Oak Grove at Libertyville, Gurnee Grade School, and later Big Hollow and Shady Lane Elementary, Fox Lake, teaching instrumental music and giving private lessons.

Ring, a native of Chicago, estimates that he has taught 3,000 children the rudiments of woodwinds, brass and percussion. He expressed astonishment at the figure.

"It was great working with all those kids. As a band director you usually have students four years, much longer than a classroom teacher. You really get to know them. I still keep in touch with a lot of my former band and chorus members."

A large number of Ring's former students turned out at a recent retirement party to honor him with a sort of "This is Your Life" salute. "I guess I got a little teary eyed," Ring admitted.

Ring's encouragement has launched the careers of dozens of music teachers and he has his share of ex-students in the professional ranks or what he terms "semi-professional" like cabaret actors and lounge musicians.

A Grant graduate, Rob Findley, is lead saxophonist with the famous Air Force Jazz Big Band. Kandi Bowen is well known for her singing and acting roles at dinner theaters in the Chicago suburbs. A throat injury cut short the career of Mickey Sopko, for whom singing stardom was predicted as a teenager.

Normally, Ring views grade school and high school music as an introduction, an opportunity to appreciate music and an avenue to learning the values of teamwork.

Ring laments the fact that fewer boys and girls are going out for band and chorus. "All schools are having the same experience. There are so many more demands on students' time. There are so many more school activities, like girls' sports."

The devoted teacher, who received a degree in music from Illinois Wesleyan Univ. after graduation from Steinmetz High School, commented on the changing work ethic of young people today.

"So many of them don't want to put in the hours of practice it takes to master an instrument or put in rehearsal time for musicals."

Due partly to a drastic drop in enrollment, the Grant band has shrunk from 80 to about 40. There hasn't been any drop off in enthusiasm, though, in student interest in Grant's popular musicals. Started 18 years ago, Ring has produced a parade of local versions of top Broadway shows. He marvels at the time students exert to make the shows successful. Ring also added, "We get great

parent help, too."

Director Ring chuckled when he looked back at the list of Broadway hits recreated at the Grant auditorium which always is filled to its 600 seat capacity.

"My first musical was 'Hello, Dolly' and my last one was 'Bye Bye Birdie'. Kind of prophetic."

Leaving active teaching will be more of a change of pace than retirement. Ring will be employed full-time by Skokie Valley Asphalt Co., Grayslake. "I turned down a foreman's position because I'm looking forward to going home at quitting time. In band and chorus, you're always on stage. I'm always thinking about what we'll be doing next or worrying whether all the students all report for the football game."

As an accomplished trombonist, Ring's services always are in demand for organizations like the Antioch Community Band, PM&L Theater where he directs the chorus and plays in the pit band. Occasionally, he plays tuba in a Dixieland band.

The Ingleside resident also plans on continuing to serve as a judge for grade school band contests. Ring is considered one of the job adjudicators in northern Illinois.

And if he has any time left over, Jim said he'll spend it in his work shop "building things with his hands." He doesn't expect to repeat the feat of building a kidney-shape swimming pool surrounded by a rustic brick wall. "That took me six years to finish," he laughed.

Wall of memories

Jim Ring, who has spent a lifetime teaching young people how to play musical instruments and the joys of singing in a chorus, admires plaques depicting the program covers of each of the 18 musicals he has produced at Grant High School. The plaques were presented to him at a testimonial upon his retirement after 35 years of teaching. He will be succeeded by Kathy Spalding, who currently serves as his assistant.—Staff photo

Obituaries

Paul R. Held

age 54 of Pompano Beach, Florida died Monday April 9, 1990 at his residence.

Mr. Held was from Chicago, Illinois and Gages Lake, where he was a practicing attorney.

He is survived by his wife, Jeanne; four daughters, Denita Baldi; of Burr Ridge, Michelle Flegal of Nashua, New Hampshire, Mary Helen Russo of St. Louis, Mo., and Nicol Stoll of West Mont.; one brother, Ernest Held of Chicago; and five grandchildren.

Memorial services will be 12 noon on Friday at KRAEER POMPAÑO BEACH FUNERAL HOME.

Contributions may be made to the Cancer Control Society, Alternative Cancer Therapies, 2043 N. Berendo St., Los Angeles, Ca. 90027.

Lorraine Webb

nee Gorski age 68 of Fox Lake passed away March 31, 1990 at Condell Memorial Hospital, Libertyville.

She was born Feb. 6, 1922 in Chicago. She was a resident of Fox Lake for 20 years. She was employed by Heppner's of Round Lake.

She was the beloved wife of Charles Webb; devoted mother of Kenneth Webb; loving grandmother of Kimberly Susan Webb; dear sister of Harry (Sophie) Gorski and the late Ralph (Bernice) Gorski. Many nieces and nephews also survive.

Funeral Services were private on April 2, 1990 at SALATA FUNERAL HOME, Gurnee.

ALLENDALE OPENS INTENSIVE TREATMENT UNIT THIS SUMMER

We are pleased to announce available positions for this new twenty bed facility which provides a short-term, highly-intensive residential program to children, adolescents and their families. Excellent salary with superb benefits including Educational Funding Program, health, dental, vacation, sick days, holidays, Retirement Program, on-campus training, and much more.

Program Coordinator: Provide direct, individual, group and family therapy. Oversee the unit treatment program and ensure a quality treatment environment, to provide consultation to the unit staff and to supervise students or other staff's provision of individual, group, or family therapy. Assist in individual and family therapy. Master's Degree in Social Work, Psychology, Special Education or other human services field (completed or near completion). Salary range \$22,900 to \$33,000.

Unit Manager: Provide leadership for unit management; ensure the adequate training and functioning of the treatment team; ensure the Armour Unit treatment program is implemented per the program plan. Assist in individual and family therapy. Master's Degree in Social Work, Psychology, Special Education or other human service field (completed or near completion). Salary range \$18,900 to \$26,000.

Case Coordinator: Ensure the components of the individual treatment plan are being provided. Coordinate the discharge planning for all unit residents, ensuring adequate linkages to community and aftercare services. Maintain liaison between the Armour Unit and family and community resources. Present information at staffings and serve as advocate for the client and his/her family. Master's Degree in Social Work, Psychology, Special Education or other human service field (completed or near completion). Salary range \$18,900 to \$26,000.

Child Care Counselor: Implement the individual and group programs as delineated in the Armour program plan. Provide group therapy. Directly supervise, monitor and discipline the youth in care per the Armour Unit program plan and in line with general Allendale policies. BA Degree plus experience. Salary range \$15,500 to \$19,400.

Recreation Specialist: Determine, plan and implement a variety of recreation activities for the development of physical, psychological, and emotional needs for all youth. Bachelor's Degree (Therapeutic Recreation) and C.T.R.S. Certification or equivalent experience. Salary range \$16,000 to \$19,900.

PRIMROSE 2

High ceilinged, bright and open, the vaulted family room and living room set the tone for the Primrose 2. Simply stepping into such a light, expansive space is a sure cure for the blues.

The basic shape of this totally contemporary home, forgetting the garage for a moment, is that of a soaring bird. The family room is in the head position, kitchen at the heart, living room at the feet and bedrooms in the outstretched wings.

While this floor plan includes a few odd angles, corners in most of the rooms are square, thereby avoiding decorating nightmares. The kitchen, pantry and utility room make good use of the few oddly shaped areas.

The large country kitchen is big enough for two, three, and even four cooks to work in at once. An eating bar is all that separates it from the family room, where there's plenty of room for a table for informal dining, doing homework, playing board games and the like. An herb garden, African violets and other plants will flourish in the garden window, and with the plants right in front of the sink, it's easy to keep them watered. One-and-a-half story high arched

windows flank the fireplace at the far side of the family room. Sliding glass doors open out onto the deck from here, as well as from the dining room and master suite.

The master suite has a huge, double, walk-in closet and space enough for a sitting area. Working couples, both getting ready for work at the same time, will appreciate the convenience of double vanities in the dressing room, separate from the shower and toilet.

The bathroom which serves the bedrooms at the other end of the house is also compartmentalized and contains another set of double vanities, crucial when teenagers share the space. A half-bath, for general use, is also handy to the garage. If the home is built without a basement, the stairway would be eliminated in favor of a large bathroom, storage space or whatever.

For a study plan of the PRIMROSE 2 (330-52), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

CHURCH TALK

Round Lake Beach

The Church of Christ, 1109 Hainesville Rd., Round Lake Beach, is sponsoring a free series of non-denominational Bible studies the week of April 22 to 27 at 7:30 p.m. Lessons will be presented by Al Diestelkamp. Topics will include: Receiving the love of the truth; Sound Homes: God's Fortress; The Believer's Valley Experience; Male Spiritual Leadership; Overcoming Troubles Triumphant; Why are you not a Christian; and Giving oneself to the Lord. For transportation and information call (708)395-8937.

Lake Zurich

Special brass and choir music will be featured at the two Easter Services scheduled at Peace Lutheran Church. A sunrise worship will be held at 6:30 a.m. Easter Sunday, April 15, as well as a second festive worship service at 9 a.m. Communion will be served at both services and a nursery will be available at the 9 a.m. service. Both services will be held at Sara Adams School, 555 Old Mill Grove Rd., Lake Zurich. For further information, call Pastor Vern Greenquist, Peace Lutheran Church, (708)540-0265.

For more information about Special
Easter Services See Pages 46-48.

FOX RIVER CHRISTIAN CENTRE

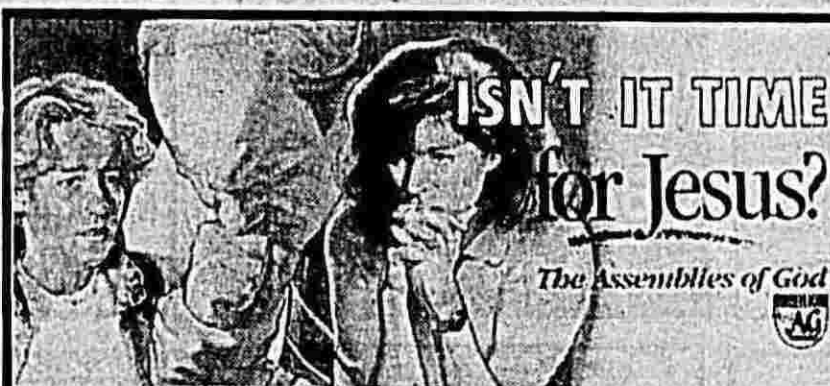

"A Place To Grow"

Grandwood Park
(708)587-1950

Wauconda

"Why would anyone choose prayer instead of medicine?" is the title of a Christian Science lecture to be given by Robert W. Jeffery, C.S.B., at 8 p.m. Friday, May 4 in the Wauconda grade school, 225 N. Osage St., Wauconda. This free lecture is sponsored by the First Church of Christ, Scientist, Wauconda.

IN A WORLD FILLED WITH:
CONFUSION FEAR
LONELINESS HEARTACHE

Is There An Answer?

YES, and it's in Jesus Christ. Don't miss these life changing services with Ron George.

Christian Life Fellowship
41625 Deep Lake Rd.
Antioch, IL

Pastor Jeff Brussaly
Sunday, April 22, 10 a.m. and 6:30 p.m.
Monday, April 23, 7 p.m.
Tuesday, April 24, 7 p.m.

For more information, call the church
at (708)395-8572

Child Care Provided for 6 years and under

Barrington

The Women's Fellowship of the Community Church of Barrington will hold its semi-annual rummage sale on Thursday, April 26 from 7 to 9 p.m. and on Friday, April 27 from 10 to 11:30 a.m. Specials will be a bake sale and a French Room. On Friday, shoppers will be able to buy a bag for \$1 and fill it with merchandise. French Room items will be half price on Friday. The church is located at Lincoln and Grove Aves. in Barrington.

The Lakes Cluster Evangelization Commission

Presents...

RETURN AND RE-MEMBER

A Welcome Home for Non-Practicing Catholics

St. Bede Parish
Route 59 and Wilson Road
Ingleside, Illinois

Monday Evenings: April 23, April 20, and May 7

Coleman Hall
7:30 p.m.

Studies indicate that people return to the Church because they have been personally invited and made to feel welcome. People who remain non-practicing do so because they believe the Church does not care about them because active Catholics do not extend a personal invitation to them. We look forward to welcoming and listening to you.

No commitment is necessary

Twins snowed out, but optimistic for season

By STEVE PETERSON
Lakeland Newspapers

The two words were posted on the side of Simmons Field in Kenosha.

"Game postponed," the simple sign read.

And just before 6 p.m. Friday, it did not take a weatherman to discover why. A snowstorm swirled over Kenosha at the time, and the only one on the field was a television reporter from South Bend. Both the Kenosha Twins and South Bend White Sox, the 1989 Midwest League champs, had left the premises, some seeing snow for the first time.

"We tried to get the game in, but when I turned on the weather channel, it said the wind chill was 21 degrees," manager Steve Liddle said.

The snow was foreign to the Twins as a whole, as they had been practicing in 80 degree weather in Florida.

"We took batting practice and felt if the winds were not too bad we would try it," said Liddle, originally from Antioch, Tenn.

The Twins' Latin connection, catcher Willie Mota from Maracay Venezuela; infielder Alex Nunez from the Dominican Republic, and Francisco Pichardo, an outfielder from Monte Plata, D.R., were all seeing the white stuff for the first time.

The Twins, who split games with South Bend and Appleton Saturday and

Sunday, feature a young lineup this year, as 21 of the 25 roster players are rookies.

Mota, age 19, is expected to see most of the time at catcher.

The pitching rotation includes Newman, the winner in an 8-1 win over South Bend; Mike Misuraca; Tim Nedin; and Jason Best.

"We have very good, strong arms," Liddle said.

Righthander Marc Lipson is penciled in as a stopper out of the bullpen.

On the disabled list is Dom Rovasio.

Liddle predicted his team will be a fast one which could steal a lot of bases. Pichardo, a switch hitter, has world-class speed, Liddle said.

Liddle said he does not believe in making many moves during a Class A game.

"I want the guys to feel secure," Liddle, in his second year in Kenosha, said.

Liddle said the 1989 season was successful because the players progressed in the Minnesota Twins organization. Infielders include Steve Dunn, who hit a home run in the 6-4 loss to Appleton, Mike Lloyd, Mike Mathiot, Nunez and Rob Schiel.

Twins notebook: Old Style- WLIP seat cushion night will be Friday, May 25, when the Twins battle Madison.

Better defensive play key for CLC softball

College of Lake County's women's softball team opened Skyway Conference play by stopping Oakton on two no-hit performances last week.

The Lancers won 19-0 in the first game behind Kathleen Quilty of Libertyville. Quilty faced 15 batters, striking out 12. She gave up just one walk.

CLC had its bats in full gear that day, as Shannon Stanek was three-for-three, Leslie Mroz was two-for-two with two doubles. Karen and Kelly Gust were two-for-three and Kelly Gust had three runs batted in.

In the second game, it was Kelly Gust who threw the no-hitter as CLC won 20-0. She had nine strikeouts and one walk.

Kim McDonald was four-for-five with two doubles and six runs batted in.

Andrea True, a Warren Twp. High

School graduate, was three-for-five, Stanek was three-for-four with a double and Kelly Gust was two-for-four.

CLC then split in a doubleheader with Elgin. The Lancers won the first game 12-3 but fell in the second contest 14-10.

In game one, Quilty got the win as CLC recovered after Elgin scored its runs in the third inning.

Sisters Sandy Johansen and Sara Johansen combined for four hits in seven appearances.

In game two, CLC fell victim to its own defensive miscues, as the Lancers committed seven errors.

The spring trip featured losses to Mother Nature and quality opponents as CLC could not play its entire schedule.

CLC, which was at Morton April 12,

fell to Crowder College 8-0 and 7-0 against a nationally ranked team. The Lancers had three hits in each contest.

Then against Northeastern Oklahoma, CLC fell 9-0 in the cold but did get seven hits.

The Lancers fell to Belleville Area College 5-0 and 12-2.

In the closest game of the trip, the Lancers fell in nine innings to Kashakia 10-9. Quilty was three-for-six with a single, double and triple and True had a double and triple.

CLC also hit the road for two games last weekend at Madison.

The Lancers fell to Madison Tech 6-5 and 10-3 for a 5-11 start.

Bears softball squad hopes to keep crown

Lake Zurich's girls softball team has already started the 1990 season off in fine shape, picking up where the team left off in 1989.

The Bears were 21-2 last spring and were undefeated in Northwest Suburban Conference games. In the early going, the Bears have already downed Crystal Lake Central and Dundee-Crown and have registered a one-hitter in the process.

Senior Denise Funk did the honors, allowing Dundee-Crown just one hit and striking out three in a 10-0 five-inning game.

"We only had two days of practice outside. Defensively we played a pretty good game," Coach Joe Kedizor said.

For Funk, the second win of the season meant a return to the LZ mound for awhile. She had pitched as a freshman, but was a catcher the last two years. Funk was moved back to the pitching role as last year's ace, Laura Hoeft, graduated.

In the season opener, Lake Zurich's Funk held the Central Tigers to just five hits while striking out three and walking six in a 7-5 win.

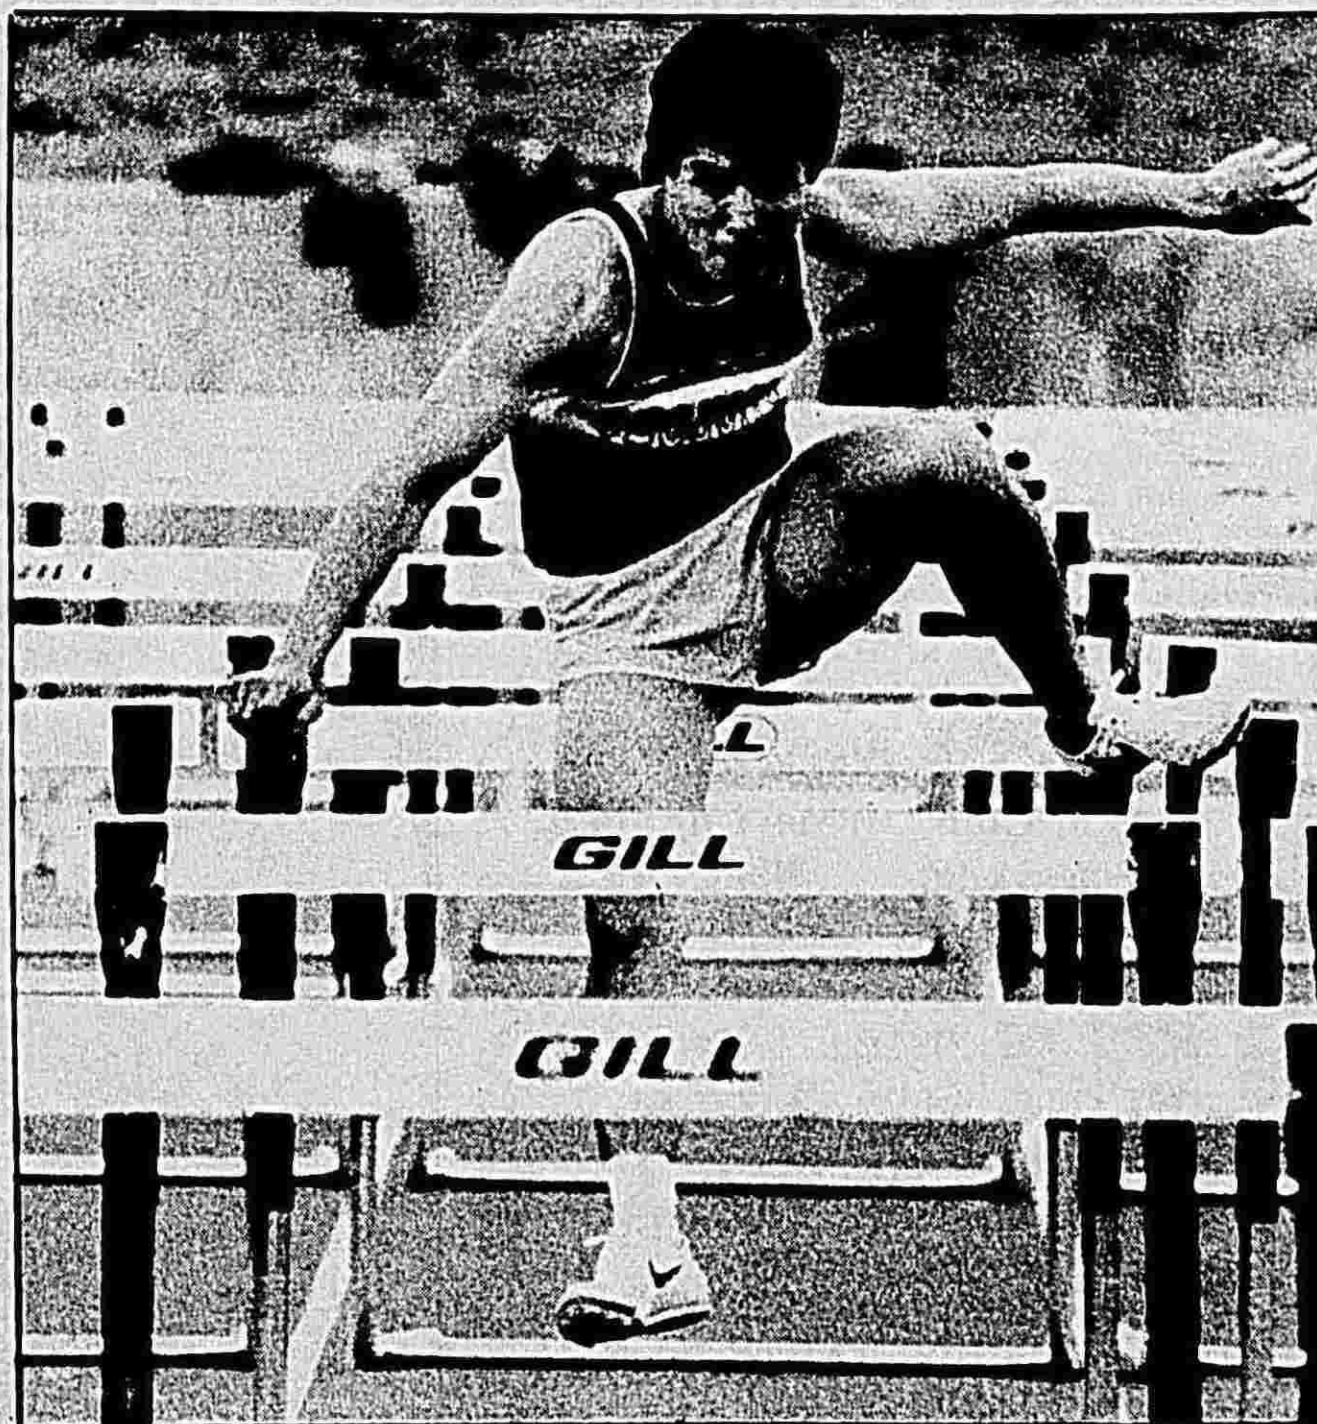

Funk helped her cause at the bat with a two-for-three day, including two triples and two runs batted in. Leah Anderson was two-for-four with two doubles and a RBI. Senior Leslie Todd had one-for-three and two RBIs.

Lake Zurich, which is at Grayslake April 17, scored the winning run in the seventh inning after trailing 5-4. Todd opened the inning with a single, Funk tripled, Anderson doubled and Heather Kaufman's sacrifice fly gave the Bears the win.

As for the season as a whole, Kedizor said the team "has a nice nucleus from last year. We have seven starters back."

The returnees include Todd at third base, Anderson, Kaufman in the infield, Lisa LaMinta in the outfield and Chris Kowalczyk in the infield.

Although the Bears breezed through the NWSC season last year, Kedizor does not expect the same this spring. "I think it will be a good conference race. There is not one team that will stand out. There are at least four teams that can win it," Kedizor, in his seventh season, said.

Clearing the hurdle

Antioch's Mike Little clears the hurdle during meet against Round Lake and Grayslake at Grayslake. Track and field teams are hoping for successful seasons now that conference dual meets are gearing up in both the North Suburban Conference and Northwest Suburban Conference. - Photo by Joe Shuman.

Waukegan product Bay to speak at Ryan dinner

Rick Bay, who grew up in Lake County, was one of Illinois' all-time outstanding prep athletes and is currently athletic director at the University of Minnesota, will be the featured speaker April 19 at the third annual Keith Ryan Scholarship Fund banquet at the Country Squire restaurant in Grayslake.

The benefit event is being held in honor of Ryan, a long-time radio and television broadcaster, who

died of cancer in 1988. As a result of the fundraiser, for the past two years a \$1,000 scholarship has been awarded to a student at the College of Lake County interested in broadcast journalism.

While attending Waukegan High School Bay not only earned all-state honors in football and baseball, but was one of only three wrestlers in IHSA history to capture three consecutive

championships.

At the University of Michigan, Bay won two Big Ten mat titles, was All-America in his junior year and Big Ten wrestler of the year as a senior. He stayed at Michigan as an assistant wrestling coach, taking over the head job at age 27. His team won the Big Ten title in 1973 and he was named national wrestling coach of the year in 1974, when his squad finished second in the NCAA tournament.

Bay, a broadcast journalism graduate, then served with the Michigan Alumni Assn. before being named athletic director at the University of Oregon. There he straightened out a faltering program both financially and with regard to NCAA sanctions within a year.

His next assignment was as athletic director at Ohio State University. Bay resigned after four years in protest to the firing of football Coach Earle Bruce, stating, "I don't believe college athletics is about winning at all costs."

Bay was then hired by New York Yankees owner George Steinbrenner as executive vice president and chief operating officer. Less than a year later he moved to join a sports and feature television company in Connecticut.

From there, it was on to

Minnesota and the first love, collegiate athletics. As director at that school, he addressed problems he inherited.

In addition to Bay, a number of professional athletes will attend the banquet. They include former Chicago Bears Curtis Gentry, who now is the director of physical education and athletics at the College of Lake County; Ronnie Bull, Roland Harper, Charles Brown, Jerry Meyers, Fred Butler, Ike Hill, Robin Earl and Ben Bennett. Former NFL player Earl Christy of the New York Jets; Harvey Catchings, a one-time NBA standout with the Philadelphia 76ers and Tom Wittum, a Round Lake Senior High School graduate who later was an all-pro punter with the San Francisco 49ers.

The tickets for the prime rib dinner are \$25 and may be obtained at the following locations:

-The College of Lake County athletic office in the physical education center and the CLC student activities office at the Grayslake campus;

-Grand Sporting Goods at 1812 Grand Ave., Waukegan and 5250 Grand Ave., Gurnee (across from Great America);

-Shiloh Golf Course, 2400 Dowie Memorial Dr., Zion;

-Herman's World of Sports, 189 Hawthorn Shopping Center, Vernon Hills;

-Nevada Bob's and Sports 11 in Libertyville.

Also, at the athletic directors office of the following high schools: Round Lake, Antioch, Deerfield, Lake Forest, Mundelein and Stevenson.

CLC plans Indy 500 trip

The College of Lake County is offering a three-day trip to the 74th running of the Indianapolis 500 on May 26-28.

The trip includes round trip deluxe charter coach departing CLC on Saturday, May 26 at noon and returning on Monday, May

28; two nights lodging at the Ramada Inn in Lafayette, Ind.; and tickets to the race with first turn terrace seats.

Cost of the trip is \$193 per person, double occupancy and \$224 for single occupancy. A \$75

deposit reserve space on the trip with the balance due May 14. Those interested may make reservations at the CLC student activities offices, room C101 at the Grayslake campus or call (708) 223-6601, ext. 287. Visa, Mastercard and Discover cards are accepted.

Give Yourself a Raise with Home Federal's New JUMP UP CD

Back by
Popular Demand!

8%

That's only the beginning!

Normally, buying a CD often means guessing whether rates are going up or down. Few investors want to tie up funds if rates will be going up in a month or so.

Home Federal has a solution and it's called the Jump Up CD. If rates rise, you can tell us to jump your rate — up to one full percent!

When you open a Jump Up CD, you'll earn our already high rate on a 14-month CD. And you'll receive a coupon redeemable for an even higher rate — up to one full point — anytime our rates rise to that point during the life of the CD. For example, if our 14-month rate increases ½%, you may redeem your coupon for an extra ½% or you may wait until the rates rise even higher. Whenever you act, you'll receive the higher rate until maturity.

It's our way of ensuring that even if interest rates move up, you'll still receive an outstanding rate.

Jump Up CDs may be opened with as little as \$2500. Visit any Home Federal office for details or call 244-0880 for further information.

Firing one home

Libertyville pitcher Eric Stall concentrates and then lets a pitch fly. Wildcats have won nine of 13 non-conference games to start the season. Libertyville hosts North Chicago in North Suburban Conference doubleheader April 14. - Photos by Joe Shuman.

Opponents' miscues help 'Cats win nine

Libertyville will be entering the North Suburban Conference portion of the schedule knowing at least one thing.

The Wildcats will have played more game than most of the rest of the league as Libertyville went 9-4 in nonconference play. "We have been hitting the ball fairly well," Coach Jim Panther said of his team as it prepared to battle North Chicago April 14.

The Wildcats enjoyed a successful weekend as they downed Hoffman Estates twice Saturday. Libertyville benefited from the wildness of Hawk pitching, as the home team surrendered 10 in the first game and seven in the second contest.

Chris Lang and Jim Graeb were pitchers who picked up the wins for LHS.

Bart Nielsen had a strong second game, as his triple with the bases loaded help break up the 9-3

Libertyville win.

Devin Paullin was the winning pitcher in a 7-0 win over Glenbrook South. He struckout three and allowed no walks.

"He did a good job changing speeds," Panther said.

Libertyville had only three hits, but took advantage of nine walks and a hits batsman.

In other NSC doubleheaders Saturday, Warren is at Mundelein.

Softball sign-up

The Waukegan Park Dist. is holding registration for its summer softball leagues. Registration for all women's leagues is at Belvidere Recreation Center and the deadline is 5 p.m. April 21. The registration for the men's 16 inch church leagues continue until 5 p.m. April 28 at the center. For more information, call (708) 662-0186.

Carmel gains revenge

Carmel's baseball team may have ended speculation about another long winning streak early this season, but Coach Chuck Gandolfi is proud of the way the team responded.

Woodstock had just scored three runs in the seventh inning off Carmel ace Eric Maloney to post a 4-3 win over the top-ranked Corsairs.

"When the kids came to the dugout, they were angry, but I said, 'what is past is past,' Gandolfi said.

Carmel led in the early going of the first game, as the visitors scored two runs against the Blue Streaks in the second inning. Another run was added in the seventh.

In game two, Jason Todd Reutledge picked up the win and Dan Devito earned a save with two innings of relief work in a 14-1 win over Zion-Benton.

The Caribbean For The Adventurous

by JIM WARNKEN
PRESIDENT, NORTH STAR TRAVEL, INC.

I know most of you choose the tropical islands of the Caribbean for the luxury of laying out on a white sand beach with nothing more to do than listen to the waves or look out over the deep blue Caribbean sea. (Actually after a day like today, that doesn't sound too bad.)

Anyhow, white sand beaches are not too hard to find on any of the hundreds of islands stretching from Florida to South America. What is sometimes lacking is information for us aging baby boomers who feel we must do something to burn off enough calories so we don't turn to flab.

Age old trails past crashing waterfalls, through lush forests and along coastal cliffs, make the Caribbean a hiker's heaven.

The Barbados Outdoor Club offers daylong hikes through dense tropical forests, abandoned banana plantations and along the rocky coastline.

Martinique, Guadeloupe and the U.S. Virgin Islands all have national parks with well defined trails.

The national park service of Dominica is completing a network of pathways through the rugged mountains into areas that have heretofore been unexplored.

You can hike the handcarved step-trails of the tiny island of Saba that once were the only links between the island's four villages.

For you bird watchers, a guide will lead you into the forest around the Asa Wright nature reserve, one of the richest bird watching areas anywhere.

So come on. Fold up the beach towel and take a walk down the beach and look around. You may find your short stroll turning into a daylong hike!

Mobile homeowners seeking state law changes

Mobilehome owners learned of various remedies open to them from a Prairie State Legal Services representative.

Some 50 members of the Northeast Lake County Mobile Homeowners Assn. gathered at the Waukegan Public Library Sunday as Steve McGinty told of the need to know the law.

The Illinois Mobile Home Landlord and Tenant Rights Act was discussed. Kathy Swanson, a lawyer from Cook County Legal Services, described amendments to the law which are presently being

supported by Rep. John Matejevich (D-North Chicago).

The group is representing mobile homeowners who may lose their homes as plans change for land occupied by Carlson Court in Glenview.

"Some people sold their \$15,000 homes for \$1,000 to \$1,500," Swanson said.

Proposals call for an ombudsman which would have the power to investigate complaints; rent justification 10-day notices on non-payment of rent and a plan which would allow for mobile homeowners'

buyout of parks which will be sold.

The residents, many from Park City, were urged to write to their representatives and-or come to Springfield to testify.

"You make our jobs so much easier," Enberg said.

The law presently defines a mobile home park as one with five or more mobile homes, which are further designed as ones which can be moved.

McGinty pointed out the law states that the mobile home park owner must give a written lease to tenants and cannot interfere

with the sale of a mobilehome.

"If a new lease must be provided, the park owner must do so within 30 days," McGinty, reading from the act, said. The park owner must also state reasons for non renewal.

"The park owner has to say what he is charging you for," McGinty stated.

The law outlines improper grounds for eviction. These include:

-as a reprisal for the tenant's effort to secure or enforce any rights under the lease of the laws of the state of Illinois, or its

governmental subdivisions of the United States;

-as a reprisal for the tenant's good faith complaint to a governmental authority if the park owner's alleged violation of any health or safety law, regulation, code or ordinance, or state law or regulation which has as its

objective the regulation of premises used for dwelling purposes;

-as a reprisal for the tenant's being an organizer or member of, or involved in any activities relative to a home owners association.

Statutory grounds for eviction include: non payment of rent or failure to follow park rules.

7,000 Lake Countians must file: Clerk Hess

"Reminder notices are being sent to a couple thousand Lake Countians who are required to file Statements of Economic Interest by May 1," announced Lake County Clerk Linda Hess. "Folks required to file are persons elected or appointed to any unit of government and persons who make over \$35,000 per year," she said.

The purpose of this form is to allow policy makers to publicly disclose their financial interests to prevent a conflict of interest," she continued. "I know many people who fall into the employee category are dismayed about filing," said Hess, "because they feel they don't fall into policy making roles."

However, these are statewide standards and in many parts of the state, employees with those salary levels are in policy

making roles. I would think the public would be better served, though, by eliminating some categories of filers, especially eliminating teachers. Both myself and the County Board have lobbied Springfield on these changes without success. There is a feeling in Springfield that they don't want to reduce 'ethics' requirements," she noted.

"Approximately 7,000 Lake Countians will file by the end of April. After May 1, the state requires us to collect a late filing fee of \$15, which is our reason for sending out reminders," said Hess.

"If you fit into one of the above categories and have received a letter from us with a Statement of Economic Interest to complete, please send it to us before May 1," Hess urged.

Poster winners

Winners of the Ninth Annual Poster Contest for Children's Dental Month were: first place, Trevor Greene, Rockland School, Libertyville (middle); second place, Alex Albarran, Beach Park School, Zion (far right); third place, Debbie Hoehne, Woodland Intermediate, Gages Lake (far left). The contest was sponsored by the Lake County Dental Society and Lake County Health Dept.

WXLC sponsors Cubs contest

Hot 102.3, WXLC, Lake County's hit radio station will send 17 lucky winners and their guests to see the Cubs play at Wrigley Field.

Beginning Thursday, April 19, Hot 102.3 will host Wrigley Night at

Sluggers Sports Bar in Vernon Hills. Everyone in attendance can register to win, one of 17 pairs of tickets to a home Cubs game. Hot 102.3 will provide chartered motor coach transportation to and

from the game for all contest winners.

The Hot 102.3 will host Wrigley Night on Thursday April 19 and again on Thursday, April 26 at Sluggers Sports Bar.

SWCD recognizes employees

Two employees of the Lake County Soil and Water Conservation Dist. (SWCD) have received performance awards at the SWCD Annual Meeting. The meeting was held at Bauer's Red Rose County Club in Round Lake Beach.

Joanne True of Lake Villa was recognized for her "continuing excellence in providing support to SCS programs in Lake County." Barbara Ellenwood of Round Lake Beach was recognized for her "outstanding assistance with Food Security Act activities in Lake County."

Both True and Ellenwood received Certificate of Appreciation award plaques from the U.S. Dept. of Agriculture - Soil Conservation Service (SCS), signed by John J. Eckes, state conservationist.

The SWCD and SCS participate in and carry out a diverse range of natural resource conservation programs in Lake County, covering both rural and urban resource concerns. Technical assistance and

information/education activities are provided to individuals, groups, and units of government in

compliance with all appropriate state and federal non discrimination legislation.

Name dental poster winners

The winners of the Ninth Annual Poster Contest for Children's Dental Month in February are:

First place, Trevor Greene, Rockland School, Libertyville; second place, Alex Albarran, Beach Park School, Zion; and third place Debbie Hoehne, Woodland Intermediate, Gages Lake.

The winners received

savings bonds. Over 600 entries were received from throughout Lake County for the contest, which is sponsored by the Lake

County Dental Society and Lake County Health Dept.

A total of 34 school winners were chosen from the entries received.

Lakeland Newspapers

Lake County At A Glance

190 acres in Zion

ZION—The Land Preservation and Acquisition Committee instructed its staff to review the potential forest preserve value of a 190-acre site in Zion which is being proposed as a landfill expansion site. The district's attorney was asked to study the conflicting reports concerning actual annexation of the property into the City of Zion. BFI Industries has asked for zoning approval to add the area to the existing 100-acre landfill. Residents of the unincorporated area adjoining the property asked the committee to acquire the property and retain it as a Forest Preserve. Because final annexation apparently depends on whether the site is approved as a landfill, the issue is not finally resolved. A report on the annexation's status will be given to the committee at its Friday, April 13 meeting at 9 a.m.

Support Smyth

GRAYSLAKE—Parents of Avon Center School students are voicing support for keeping Edna Smyth as principal. Some 10 parents protested a change in Smyth's job which would have her as an elementary teacher instead of principal. The Grayslake Dist. 46 Board of Education was pressed for answers, but President Don Steffen generally stated that the board could not discuss Smyth's position in public.

Name acting chief

LIBERTYVILLE—Cmdr. John Sayers has been named acting chief of police to succeed Chief Roger Stricker, who resigned effective April 13 to become the new police chief of Auburn, Maine, that state's fourth largest city. Applications for the job will be selected from within the department until Tuesday, April 24, and written or telephone inquiries until Tuesday, May 1. The mayor and Police Committee will select a successor shortly thereafter.

Pick depot sites

MUNDELEIN—Five tentative sites have been picked for a \$250,000 to \$500,000 depot to serve the new NOR-TRAN commuter line planned between here and Chicago. Three are in the downtown area and two north of the community near two new industrial parks, including one in adjoining Libertyville where Motorola will build a facility employing 4,000 persons. Mundelein may even join Libertyville to build a new station that will replace Libertyville's crowded Metra downtown location where parking is at a premium and there are traffic problems morning and night.

Seeking clerk

LAKE ZURICH—Lake Zurich village officials are reviewing applications from two candidates for the village clerk's position. Trustees expect to appoint someone to the job at their April 16 meeting. The candidates are Renee Deis and David Cushman, both of Lake Zurich. The position has been left vacant since Claudia Barton resigned in February, due to personal and professional commitments. The clerk is responsible for taking minutes at regular board meetings, which meet every other week. The position pays \$50 per meeting, which would total \$1,200 a year.

Plant sparks debate

PARK CITY—A proposed facility which would recycle concrete in Park City sparked debate between aldermen and concerns from the audience at the Park City City Council meeting. The firm Elhers & Juhrend is proposing the facility off Washington St. on five acres between the street and Farmington Estates subdivision.

Select DuFour

PRAIRIE VIEW—Stevenson High School Supt. Milton Herzog is expecting a smooth transition now that Principal Dr. Richard DuFour will be superintendent in 1991. Herzog is scheduled to retire as of June 30, 1991. "We have 15 months for the transition and to search for a new principal," Herzog said.

Chamber moves

ANTIOCH—The Antioch Chamber of Commerce and Industry has moved its offices, lock, stock and displays, from 884 Main St., to the old parsonage of the United Methodist Church at 842 Main. The painting, electrical work, new carpeting and new counter have been supplied by the village. According to Vivian Tauscheck, Chamber secretary, they are open for business as of this week, but there is still some work to be done before the Chamber is settled. Along with the office of State Sen. Adeline Geo-Karis, the Chamber will occupy a large business office and another room slated for Chamber and Industry displays. Also working in the new office for the Chamber part time is Wendy Kaufmann.

Study composting

WAUCONDA TWP.—Wauconda Twp. is expected to soon join the Villages of Wauconda and Island Lake in finding an acceptable method of disposing yard waste

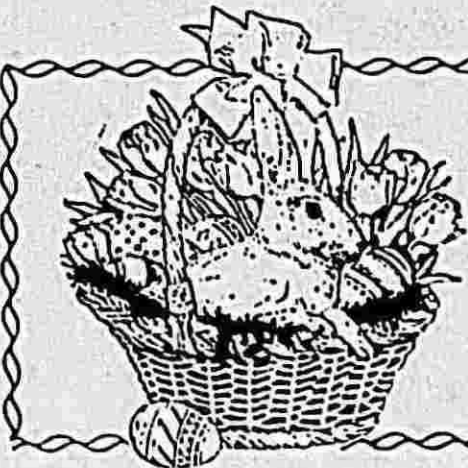

as well as arranging pick up services for compost beds and hauling it away to a possible Lake County composting area. Supv. Gerald Beyer said that as soon as arrangements can be made he would like to join the Lake County landfill project along with both villages in the experimental landfill site at Lakewood Forest Preserve, east of Wauconda. Villages who will be participating in the pilot landfill project at Lakewood include Deerfield, Lincolnshire, Libertyville and Vernon Hills.

Search approved

NORTH CHICAGO—The North Chicago Unit School Dist. 116 board has approved the solicitation of bids in order to hire a consulting firm to assist the district in the search for a new high school principal as well as a new superintendent of schools. The principal's position that Gordon Hill vacated has been held by Interim Principal Doris Kurtz for the past several months. With Dr. Charles Thomas' announcement of his early retirement, a new superintendent will need to be found as well, and so a joint search is being planned for both positions. Thomas does not expect to see the appointments made before January of next year, after his retirement takes effect.

Police problems

ROUND LAKE—Communication between the Round Lake Park Police Dept. and Round Lake Park village officials has raised questions about police coverage in Round Lake Park, and some comment about consolidation of Round Lake and Round Lake Park police departments. Round Lake has covered at least one full shift for Round Lake Park without board approval. Round Lake Park interim Police Chief Dan Viet called it "a breach of protocol" and said he was unaware that notification was necessary.
